

Import/Export/Copy from Master Shells

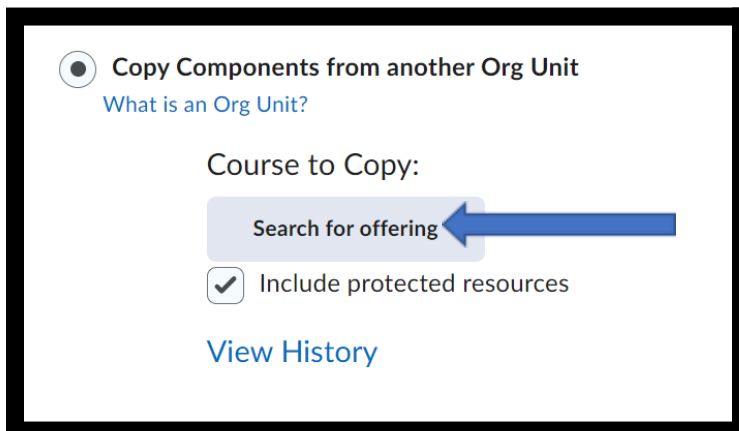

Go to **More**, Click on **Course Admin**

Under **Site Resources**, Click on **Import/Export/Copy components**

Under **Copy Components from another Org Unit** select the course you want to copy over (Example: Copy master shell into Spring/Fall course)

Once searched **Add Selected**

	Offering Code	Offering Name	Department	Semester
☒	DESM_1_999910	MASTER - ONLINE - Desmond's Playground - KING	Other/Non- Department	999910 - Master Shells

Add Selected 

Then select **Copy all Components** or **select the components** for customization

☒ **Copy Components from another Org Unit**
[What is an Org Unit?](#)

Course to Copy:
MASTER - ONLINE - Desmond's Playground - KING ✕

☒ Include protected resources
