Compassionate Souls

Introduction Handbook

Dear readers,
Welcome to Compassionate Souls.

This handbook is here to help you get to know us a little better and to understand how we work,
Please take your time to read. For further questions, don't bother to contact us!

compassionatesouls.idn@gmail.com

I. WHO WE ARE

Compassionate Souls is a youth-led organization built to give everyone the opportunity to learn, grow and live with dignity. We create spaces for young people to turn their ideas into action through education, social initiatives, environmental projects and community involvement.

II. LOGO

Our logo features hands embracing a shining heart, symbolizing compassion, care, and hope. The hands represent our commitment to supporting and uplifting others, while the shining heart reflects the kindness and positive impact we strive to spread. Together, they embody the spirit of Compassionate Souls: a community built on empathy, unity, and the belief that every act of kindness can make a difference.

III. VISION AND MISSION

Vision:

- A future where equality, education, sustainability and kindness empower every individual to live with dignity, opportunity and hope.

Mission:

1. Creating a future where communities all across Indonesia get equal rights and opportunities.

2. Building healthy, clean and promoting sustainable alternatives towards the environment.
3. Providing basic needs and education to youths of Indonesia
4. Encouraging a community that is safe, peaceful and rooted in kindness.

V. OUR FOCUS

Focusing on SDGs **1**: No poverty
4: Quality education
11: Sustainable cities and communities

MAIN FOCUS

1. *EDUCATION*
   Through educational content, workshops and learning opportunities, we aim to help you people gain knowledge, discover potential and develop skills.

2. *SOCIAL & EQUALITY*
   We aim to support communities, raise awareness and create initiatives that promote equality, inclusion and opportunities for everyone.

3. *ENVIRONMENT*
   We encourage sustainable habits, raise environmental awareness and create projects that inspire people to take better care of our planet.

4. *COMMUNITY*
   We want to build a community where people can connect, collaborate, support one another and turn their ideas into meaningful actions.
