

Privacy Policy

Privacy Policy — Ember: IPTV Player

Aspiro Labs ("we," "us," or "our") operates the Ember — IPTV Player mobile application (the "App"). This Privacy Policy explains how we handle information when you use the App.

1. No Account Required

The App does not require you to create an account, sign up, or log in. You can use all features of the App immediately after installation.

2. Information You Provide

The App allows you to add your own IPTV channel sources, which may include:

- M3U / M3U8 playlist URLs
- Xtream Codes login credentials (host, username, password)

This information is stored ****locally on your device only****, using standard Android local storage. We do not collect, transmit, or have access to this information on any server. If you uninstall the App or clear its data, this information is permanently deleted from your device.

3. Third-Party Content Disclaimer

Ember — IPTV Player is a media player application. It does ****not**** host, provide, own, or distribute any video streams, channels, or content. Any playlist or stream source you add is provided and controlled entirely by you or by third parties you choose to connect to. We have no control over, and are not responsible for, the availability, legality, or content of any third-party stream or playlist you add to the App. You are solely responsible for ensuring that any content you access complies with applicable laws in your region.

4. Advertising

The App displays advertisements served through Google AdMob. AdMob may collect and use certain data (such as your advertising ID and general device information) to show relevant ads, in accordance with Google's own privacy policy. This data collection is governed by Google's Privacy Policy: <https://policies.google.com/privacy>

You can review and manage your ad personalization settings through your device's Google Settings at any time.

5. Permissions

The App may request the following device permissions:

- ****Internet access**** — required to load and play IPTV streams and playlists you add.
- ****Network state**** — used to check connectivity before attempting playback.

The App does not request access to your contacts, location, camera, microphone, or storage beyond what is needed to save your local app preferences.

6. Data We Do Not Collect

We do not collect, store, or share:

- Your name, email, or any personal identifying information
- Your location
- Your browsing or viewing history on our servers (we don't operate any servers that receive this data)

7. Children's Privacy

The App is not directed at children under 13, and we do not knowingly collect information from children.

8. Changes to This Policy

We may update this Privacy Policy from time to time. Changes will be reflected by updating the "Last updated" date above.

9. Contact Us

If you have any questions about this Privacy Policy, please contact us at:
