AI in Teaching and Learning – AI Bridge Project Application Form

Course Title			
Course Number / Section / Class Time			
Instructor(s) (may list more than one; must include the applicant)			
Mode of Instruction	☐ Single instructor ☐ Joint course ☐ Co-teaching ☐ Other: _____		
Contact Phone / Extension			
E-mail			
Course-Offering Unit (Department / Institute)			
Credits			
Expected Enrollment			
Class Hours	Total: ____ hours (____ hours/week) (Total including practicum hours: ____ hours)		
Target Students (select all that apply)	☐ Undergraduate students (Year _____) ☐ Master students ☐ Doctoral students		
Course Characteristics (select all that apply)	☐ Required ☐ Elective ☐ University-wide required course ☐ General education ☐ Degree-program course ☐ Intensive course ☐ Collaborative Online International Learning (COIL) ☐ English as a Medium of Instruction (EMI) ☐ Other: _____		
Course Format	☐ Classes in person ☐ Blended teaching ☐ Distance teaching ☐ Asynchronous online course		
AI Tool(s)			
Proposal Track	☐ Teaching Enhancement Track ☒ Learning Support Track		
Funding Option	☐ Lite Version: Funding of up to NT\$10,000 per project.		
	☐ Full Version: If the teaching assistant or peer tutor has been confirmed, complete the information below and submit the required appointment documents. Otherwise, leave the following section blank. Funding of up to NT\$40,000 per project.		
	Teaching Assistant / Peer Tutor Information	Name	
		Department / Year	
		Student ID No.	
Chinese and English Keywords (3–5 keywords)			

I. Rationale and Objectives

Please briefly describe the issue or need that motivates this proposal, and set specific, measurable objectives accordingly. If the proposed project targets a particular group of students, such as students retaking the course or international students, please explain their needs and the expected improvements. For experimental proposals, please also specify the hypothesis to be tested or the issue to be explored to facilitate subsequent evaluation. For further guidance and examples, please refer to the Appendix.

II. Implementation Methods and Evaluation Mechanisms

1. **Brief Description and Application of the AI Tool:** Please identify the AI tool(s) to be used, describe their core functions, and briefly explain how they will be applied in classroom and learning support contexts.
2. **Implementation Plan, Details, and Evaluation Mechanism:** Please provide a comprehensive implementation plan based on the needs of the course, including the procedures and timeline for each stage, as well as how teaching assistants (peer tutors) and students will participate. The proposal should clearly describe the role of the teaching assistants (peer tutors) in the learning support process. If the application rationale identifies a hypothesis, an issue for investigation, or an expected improvement, please specify the corresponding evaluation methods and sources of quantitative or qualitative data in this section to facilitate presentation in the final report. For further guidance and examples, please refer to the Appendix.

III. Expected Outcomes

Please describe the specific benefits that this project is expected to generate within the context of the course. For further guidance and examples, please refer to the Appendix.

IV. Budget Plan

1. This table is intended to show how the grant will be used. Please allocate the budget based on actual needs. Rows may be added or removed as necessary.
2. If salaries for a teaching assistant or peer tutor are included, please also estimate the employer-paid contributions for Labor Insurance, National Health Insurance, and other applicable costs. Budgeting for only the monthly salary may cause actual expenditures to exceed the approved amount. For calculation methods, refer to the “[Monthly Employee and Employer Contribution Table for Labor Insurance, National Health Insurance, and Labor Pension](#).” For related questions, please contact the Personnel Department or the program coordinator.

[illegible]

	Total	0

	Description
This grant Does Not cover:	1. Domestic or international travel expenses.
	2. Books or audiovisual media.
	3. Venue rental fees.
	4. Meal expenses.
	5. In accordance with the Ministry of Education's regulations on the use of funds, this grant may not be used to pay allowances or honoraria (including project director fees, manuscript fees, review fees, attendance fees, or consultation fees) to faculty members or full-time personnel of NTU or its affiliated institutions, including hospitals. NTU personnel who actually deliver lectures may, however, receive lecture fees.

Copyright License Agreement

Course Title: _____

I hereby grant the National Taiwan University Center for Teaching and Learning Development a royalty-free license to use the text, audio and video materials, and photographs included in the final report for the above course under the AI in Teaching and Learning – AI Bridge Project for program-related purposes and to promote the exchange of academic knowledge.

I, _____ (Licensor), warrant that I own the copyright in the licensed final report and that the materials do not infringe upon the rights of any third party.

This agreement grants a non-exclusive license. The licensor retains copyright ownership of the licensed materials after signing this agreement.
