

Sailing Trip Recount

Last week on Thursday TWP 4 (Te Wai Rua Pakiki) and Mr Gaffeny's year 5s went on a sailing trip. We had to take mufti to school and wear togs under it. We had to be at school before the bus leaves. Luckily most people made it on time. When we got to the place we walked to this area and had a little talk with the owners of the place. When we were done talking with them they told us we had to get into 3s and build a boat. Once we were done building the boats the year 5s had to put on a wetsuit and a life jacket. After they got changed they went into the water. The year 6s had to wait about an hour or so to go sailing. But while the year 5s were sailing the year 6s went to the otherside of the beach. Some of us were walking in the water and some people were skimming shells. Once the year 5s were done we had to go put on the wet suits and get a partner to go on the boat with. I went with Daniel Tomafua because we are best friends. Before we went into the water we got 2 positions Position 1 is when you leave the sail a little out. Position 2 is when you leave it way out. When we got into the water we were following one of the lady's Her name was Holly. Awhile after we had a race and me and Daniel Tomafua came second because my

friends Xavier & Aleksio beat us by a little. The water was really cold because I jumped in the water and I stayed in for about 3 minutes. When we got back to shore I was very cold and I didn't ever want to go sailing. That Is What My Sailing Trip Was Like!
