

CDPS Preliminary Draft Comment Form - PERMIT APPLICANTS ONLY *

* The public will have the opportunity to comment at a later date when the Public Notice comment period starts.

INSTRUCTIONS:

Permit Applicants, please use this form to submit comments to the division on Colorado Discharge Permit System (CDPS) preliminary drafts that identify errors, such as technical mistakes and typographical errors, see 5 CCR 1002-61.5(1.5). Comments regarding interpretation of law, policy, or guidance, and comments advocating changes to permitting policy, may not be submitted at this stage and must wait for public notice and comment under 5 CCR 1002-61.5(2). The period for applicant comments will be fourteen (14) calendar days from the date of preliminary notice of the preliminary draft.

Please enter your comments for each part of the permit, fact sheet or water quality assessment (WQA) on a new line. Errors regarding supporting data and calculation tools must be in support of a comment on the permit, fact sheet, or WQA. Once you have completed your comments, please email them to the permit writer with any supporting documentation.
