Digital Safety workshop for K-4th Graders	Digital Safety & Citizenship for 5th - 12th Graders
We will be focusing on setting up parental controls on tablets and apps. Safety from predators and scammers and digital citizenship. We will explore YouTube Kids and Google Family to be Internet Awesome. March 10th—5:30 pm - 6:30 pm March 24th— 7:00 pm - 8:00 pm	This workshop will focus on digital citizenship for students and social media. We encourage parents and students to attend together. We will discuss bullying, safety from predators and scammers, and the many apps available. March 10th—7:00 pm to 8:00 pm March 24th—5:30 pm to 6:30 pm

More Information:

- Brown PTSA choose to do a Digital Safety and Citizenship workshop based on the results from the School of Excellence Survey this past fall.

- These workshops will be presented by Zoom. If you follow the link below—you may choose which workshop you want to attend. Registration is required. Each workshop will only allow for 50 people to register.
- Each workshop will be 1 hour long. There will be 45 minutes of content followed by 15 minutes of Q & A. Questions can also be submitted at the time of registration.
- The workshops for each age group will present the same information—so you only need to attend one.
- There will be a celebration in Peace Park in April for all those who attend. Everyone who is registered will receive a certificate.
- If you have any questions or have trouble registering—please contact Autumn at autumn.neagle@gmail.com
- The workshops will be taught by Rhonda Blandford.

Rhonda Blandford, (aka Social Rhonda) is a Mother of 2 JCPS students, Founder of Project Tech Drive, and a Private Business Consultant experienced in Corporate America, Nonprofit, and Small Business - SocialPR Consulting. She is an educated Advocate for Digital Citizenship programs in schools, businesses, and religious organizations after having real-world experience combating Online Predators, Identity Thieves, Cyberbullies, and Internet Trolls. Rhonda believes that every parent has the ability to understand the technology and social networking sites that children are frequenting, and the tools available to keep their children and themselves safe online.
