

## Privacy policy

Effective date: 30.10.2025

This Privacy Policy describes how the Table Time Word Games application (hereinafter referred to as the "Application") collects, uses, and protects user information.

---

### 1. Data collection

The application can collect the following types of data:

- Non-personal data: information about the device type, operating system version, interface language, usage statistics (for example, the number of rounds played).
  - Personal data: only if the user provides it voluntarily (for example, when contacting customer support).
  - Payment data: Subscription and purchase transactions are processed by Apple Inc. through the App Store. The application does not have access to bank card data and does not store payment information.
- 

### 2. Data usage

The collected data is used exclusively for:

- improving the quality of the application and gameplay;
- analysis of statistics and correction of errors;
- Providing support to users.

The data is not transferred to third parties, except in cases stipulated by law.

---

### 3. Third-party services

The application may use third-party services (such as analytics or advertising systems) that may collect anonymous data in accordance with their privacy policies.

Examples of such services:

- Apple App Store (payments)
- App Analytics (anonymous usage statistics)

It is recommended to read the privacy policy of the relevant services.

---

### 4. Data storage and protection

All data is processed using technical and organizational security measures to prevent unauthorized access, leakage or destruction of information.

---

## 5. User Rights

The user has the right to:

- request the deletion of the data provided by them;
  - opt out of collecting analytical data by changing the permissions in the device settings;
  - Cancel subscription and payment data management via Apple ID account.
- 

## 6. Policy Changes

The Developer may update this Privacy Policy from time to time. The new version takes effect from the moment it is published in the application or on the application page.

---
