Good afternoon,

I am sending this email to all the booking officials to please forward or post it for all the referees that officiate our games at NSU University School. If possible, perhaps it can be posted on Arbiter. With the addition of metered parking at our school/fields, we realize it has been difficult for referees to pay the parking meters. This procedure will eliminate officials having to pay for parking and they will not receive parking citations parking once this is completed. Please have them follow the instructions for a smooth registration process:

Kindly register your license plate, provide vehicle information, personal email, and telephone number. Once you enter the required details, click "add" to generate a permit number and the name of the event (sport you are officiating). Finally, click "register" to complete the registration process.

Please remind all officials of the "No Backing in Policy." Additionally, it is crucial that your officials do not park in any restricted areas that are clearly marked with parking stop/block/curb markings or reserved signs.

*This NSU event link is valid from, August 2023 to Friday, June 30, 2024.

Online Registration Link:

https://novapark.nupark.com/v2/Events/eventRegister/1350b9c2-9199-459a-8321-21f439e1c9de

Thank you, we hope this makes officiating games at NSU University School an easier and more enjoyable experience!

Best regards,
