講題 Introduction to algebraic stacks

講者 周祐正 博士 (中研院)

時間 2025.05.20 (Tue) 16:30 – 18:00

地點 綜三 631

Abstract

In this talk, I will outline the ideas of the definition of algebraic stacks but without running into technical details. I will then focus on examples and motivations, including equivariant cohomology and the moduli problem.
