Meet Hypnotizing, a silly, sweet blue-and-white tuxedo boy who keeps everyone in his foster home laughing. He's full of goofy antics — from proudly carrying toy mice in his mouth like trophies to stretching his whole body right across the top of his sister, Hilarious, when it's time for a nap. He loves batting balls around his ball track toy, racing through the cat tunnel, and zooming around the living room with boundless kitten energy.

Hypnotizing isn't just about play, though — he has a soft, snuggly side too. He enjoys curling up in the swinging wicker basket for naps, nestling in close with Hilarious when he's ready to wind down, and happily joining his foster parents on the sofa in the evenings for cuddles. He purrs the moment food is served and often takes snack breaks mid-play before diving right back into the fun. He's also growing up with two senior cats and a small dog in his foster home, and takes it all in stride with kitten curiosity.
