Hello from Oulu,

My name is your name here and I will be your student tutor at the University of Oulu. I will help you get familiar with UniOulu at the beginning of your studies. I am studying your degree programme at the Faculty of XX.

As your tutor, I will meet you when you arrive in Oulu. Therefore, please remember to let me know your exact time and means of arrival as soon as your travel arrangements are confirmed. It is important for me to know when you are arriving so that we can agree on when and where to meet.

If you have rented a room from PSOAS, I can bring you your key when we meet. However, you need to inform PSOAS that you authorise me to pick up the key on your behalf. If you are renting from another housing provider, please make sure you know where and when you can collect the key.

Below please find my contact information. Please make sure to inform me about your arrival well in advance.
