

Animals should not be kept in the Zoo, read along and discover why...

God brought up animals from their natural habitat but to me I don't see the point that humans have the right to just kidnapped God's creations from their homes.

Firstly I disagree that animals should be kept in the zoo because humans don't have the right to just take them away from their homes. I mean how would you feel if you were one of those animals? I don't know about you but I would feel sad and hurt inside. Imagine if you were an animal and you had to live in the zoo your whole life without a family.

Secondly they are wild animals and we can not handle their behaviour so to my opinion I think that the animals should be send back to their natural because they are dangerous animals and they can attack at any time. E.g if a kid falls into a lion's cage he would most likely to get injured or even worse the kid will probably get killed.

Lastly we need to have in mind that animals are part of God's creation and we need to have more care and respect towards them. But some people are mistreating, neglecting and killing them. Animals are like our close friends on earth and we need to treat them fairly.

Treat the animals with respect and care.
