Reading Comprehension

Read the passage carefully then answer the following questions:

Saudi Arabia is a huge and exciting country, there is no way you can see everything on one trip, so the one week my son and I had to spend there was definitely not enough. Our plan was to go to Jeddah, where we could visit some of my friends. On our first day there we went to a place called the Floating Mosque, one of the most amazing sights of Saudi Arabia. It is called floating because it appears to be on water and it is even more beautiful than you can imagine. We also went to Balad, a place that has lots of interesting markets, or souqs, selling everything from spices to clothes and jewellery. Soon enough it was time to return home. Travelling to Saudi Arabia is an exciting experience. I'd love to go back one day.

- 1- The writer went to Jeddah (alone - with his family - with his son - with his friends)
- 2- The Floating Mosque got its name because (It is in the middle of the sea -It looks like it is on water-It is on a boat-It has water)

Choose (True) or (False) for next statement:

- 1- Balad is a place where you can buy everything from spices to clothes and jewellery ()
- 2- The writer wants to visit Saudi Arabia again. ().

Good luck
