Dear Riverton Families,

August 13, 2024

We appreciate the opportunity to work with your children. We prioritize their safety and appreciate your help in creating a safe pick-up and drop-off experience for everyone. Please follow the outlined procedures and look at the maps below.

- Please follow all staff members' directions.
- No U-turns through the parking lot.
- As you enter the school, the right lane is only for drop off and pick up on the east side of the portables. The middle lane is only a through lane to go to the front of the school for drop off and pick up.
- To reduce congestion on 1830 West, please pull all the way forward in your lane whenever space ahead of you becomes available.
- Only make lane changes where there are dotted lines.
- Please observe the posted speed limit of 10 mph.
- All students and adults need to use crosswalks and walk their bikes, scooters, etc.
- During after school pick up, the lane directly east of the portables is only for parked cars waiting to pick up students. Do not ask children to get in your car if you are in the middle through lane.
- Stop at the STOP signs that lead to the one-way exit, and alternate proceeding forward.
- When driving on 1830 West, please do not impede the flow of traffic. This can be avoided by letting cars out of the school exit to allow room for cars to come in the school entrance. Otherwise traffic flow will stop.

We need every driver's help in following these procedures for the safety of all students. Thank you for being patient, safe, and friendly during these busy times of the day.

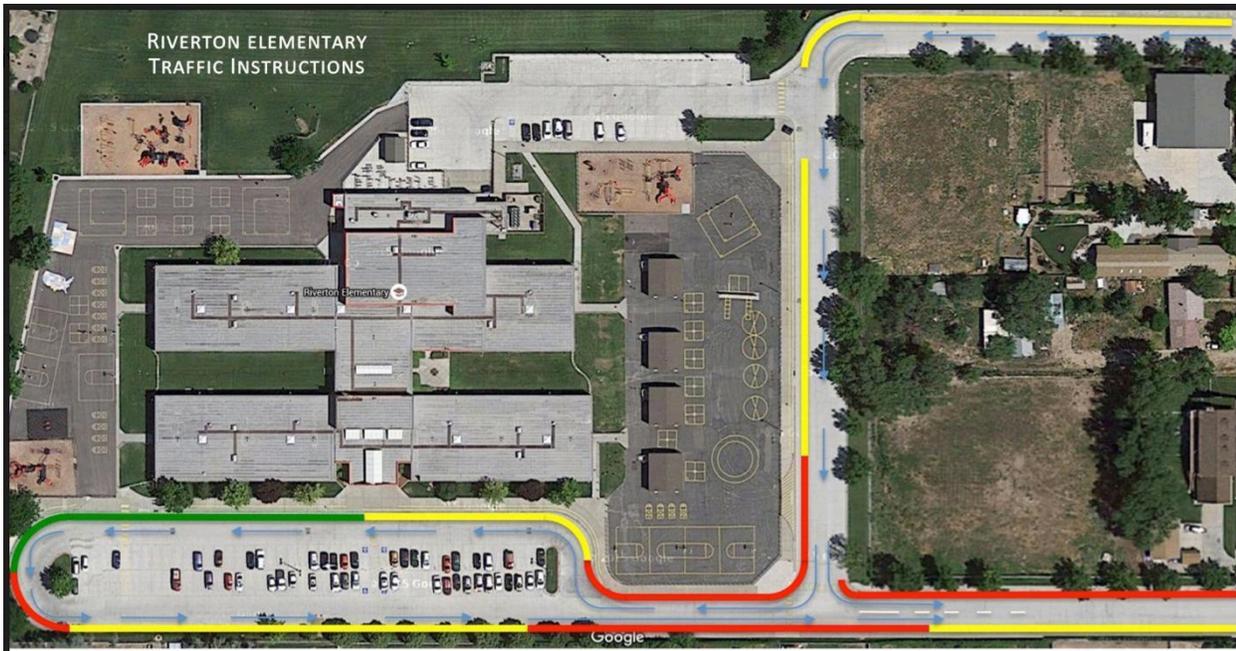

Shauna Worthington, Principal

April Thompson, Assistant Principal

GREEN CURBS: BUS ZONE When cones are clearly visible in this lane, we ask that cars not use this area to keep it open for our busing students. When busing is complete, we will move the cones, and cars may use this area for drop off and pick up.

RED CURBS: NO PARKING Cars are not permitted to drop off, pick up, or park in these areas.

YELLOW CURBS: DROP OFF/PICK UP Please remain in your car. Students are to exit or enter the car on the passenger side. Please exit this lane safely.

Please do not pick-up or drop-off or park in these areas as it creates significant congestion and safety issues. Thank you!

Please do not pick-up or drop-off or park in these areas as it creates significant congestion and safety issues. Thank you!
