

# Terms of Service

For commissioning LittleHybridShila

## BEFORE YOU COMMISSION:

- **By commissioning me, you agree to these TOS.**
- Make sure you've read and understood the terms described here.
- I open a few slots at a time and not every kind of commission might be open every time, please respect that fact.
- To commission me, check the contact section of my [Carrrd](#) and contact me through one of those options.
- My prices are determined by quality and time spent on the picture.
- I have the right to refuse a commission for any reason.
- Don't be rude at any point! I will cancel and blacklist.

I can also take material or digital goods as payment, just ask about it when messaging.

## IT HELPS ME IF COMMISSION INQUIRY HAVE THE FOLLOWING INFO, BUT IT IS NOT REQUIRED:

- **Type of commission:** (This is very important, since the price depends on it!)
- **Character(s):** (Write the characters you want me to draw)
- **Reference:** (Links to pictures of the character(s). I can also work from descriptions, but they count as character design and will cost more)
- **Expression/situation:** (This is optional, but I don't know your character and this would help me keep them in-character)
- **Setting:** (If you're paying for a background, I would like to know what you have in mind)

## If you want a specific style from my gallery, you need to let me know!

My default for digital ponies is my own style, while regular animals are drawn in a Disney-esque style. Anime characters are still quite undetermined.

## WHAT I WILL DRAW:

- I do both fanart and original characters.
- I'm great at ponies, felines, canines and animals in general. Also both cute and dark things!
- I'm average at humans/anthro, backgrounds, clothes, general objects.
- I'm not too fond of group pictures (more than 3 characters).

- I'm really not good at human action poses or machinery, so apply for that at your own risk (I will try my best at it though).
- Gore or suggestive art is ok.
- **Note that my coloring style requires me to alter colors slightly. I will not directly eyedrop every single color, especially if it's solid black, solid white or very sharp colors unpleasing to the eye (unless a picture specially calls for that).**

#### WHAT I WILL NOT DRAW:

- Realistic style.
- Art that attacks another individual.
- Heavily political or racist art (Fx. no Nazi stuff please)..
- I do not do NSFW right now.

(Just because something isn't listed doesn't mean I'll automatically accept it)

#### METHOD OF PAYMENT:

- **PAYPAL**  
(With PayPal please pay in USD! I like to keep it one currency on my balance)
- If you're from Denmark, a **bank transfer** or **MobilePay** is possible too.
- **Material or digital goods!** I like plushies, art supplies, other art, gift cards etc. Just ask :)

#### COMMISSION PROGRESS:

- When asking for updates, do not send me a one word message like "Hi" "Hey" ":D" or similar, I will not answer those. Instead, ask me about the commission straight away.
- **When you've made your order, I will send you a sketch that you will need to approve before payment. If you've commissioned a Wing-it, payment is up front.**
- Please make sure you actually have the money to pay me when the sketch is done.
- Revising can be made to the sketch without additional cost.
- WIPs after the sketch stage is possible, but you must request it in your messages.
- After sketch approval I will send an invoice to your PayPal (if you chose that method).
- **I will not finish the product before full payment has been received!**
- You can ask to cancel your spot any time.

- If the client cancels the commission, refunds will be partial according to the amount of work already done.
- If I cancel your commission, you will get a full refund.
- Progress and queue of your product can be viewed on my [Trello](#).

**Turnaround time:** Please be aware I have a 8-4 job plus a lot of other activities going on, so my turnaround time for the initial sketch will vary quite a bit depending on my schedule. After sketch approval and payment though, I always make the commission a top priority and get it done in about 1-4 weeks depending on the complexity of the picture and my schedule.

If you have a certain deadline, let me know and I will try and finish it by then, unless it's an extreme rush job. Please respect the time it may take otherwise.

#### **AFTER THE COMMISSION IS DONE:**

- You will receive a full unwatermarked version on Dropbox or Sta.sh (for personal use ONLY) as well as a watermarked WEB version for all online use. You may receive more versions depending on the type of commission.
- I would like a reply from you after the finished commission is sent, so I know if you are satisfied and I can upload it to my gallery. If I don't receive a reply, I will automatically assume that you are satisfied with the result.
- I reserve the right to upload your commission (edited or otherwise) as part of my online portfolio either here on DeviantArt, Facebook site or otherwise.
- Private buyers are welcome too, but please state so **before** I begin your commission. I can keep your name private or not upload the commission at all, depending on what you prefer most.
- You can display your commission (WEB version) on any website you wish, but please provide either a link or artist name (unless we've agreed otherwise).
- The above rule does not apply for cropped profile pictures or icons with the art.
- You may use your commissioned art for wallpapers, reference or part of other pictures, provided credit is given.
- You may make a **personal** print, T-shirt or other with the purchased art.
- You may **not** use the art for monetary gain unless we agreed upon it.
