

# NCSD Back to School Information: Free or Reduced-Price Meals Application

**August 5, 2025**

Contact: Tanya Southerland, NCSD Director of Public Relations, 307-253-5380

## **Back to School Information: Free or Reduced-Price Meals Application**

*Natrona County, Wyoming* - Families may qualify for free or reduced meals through the National School Lunch and Breakfast Program. We encourage those who are interested to complete the application. To determine if a household qualifies, individuals can complete an online application at [www.natronaschools.org](http://www.natronaschools.org), or they may stop by their child's school or NCSD's Central Services office to fill out a paper application. Only one application per household needs to be completed. As a reminder, the Free and Reduced Price Meals application can be completed at any time throughout the school year.

More information on NCSD Food Services can be found [here](#).
