SUBJECT: Reminder - Voter Registration Deadline is October 16: Vote in VA's State Elections

BODY:

Dear –

Let's elect [Democrat Ralph Northam](#) as Governor and flip the Virginia House of Delegates to the Democrats!

NOW is the time to register to vote and request your ballot for the Virginia State Elections on **November 7**. It's vital for Democrats to take back the Virginia state government and lead the fight against Trump and the Republican agenda!

Overseas voters who *"intend to return"* can vote in this election. And you can vote even if your *"return is uncertain"* - if you own a residence in Virginia OR if either you, your spouse or your parent has an overseas employer or school.

It's simple to register to vote! Just go to votefromabroad.org and follow the prompts to fill in the form, then print it and sign it. And be sure to send in the *Addendum page* if you've provided additional information to qualify for a State ballot.

You can send in your form by EMAIL, FAX or MAIL, but it must get to Virginia by **Monday, October 16**.

Already Registered But Still Need to Request Your Ballot? Just go to votefromabroad.org and follow the prompts to fill in the form, then print it and sign it. And be sure to send in the *Addendum page* if you've provided additional information to qualify for a State ballot.

You can send in your form by EMAIL, FAX or MAIL, but it must get to Virginia by **Tuesday, October 31**.

Questions? Email us at gotv@democratsabroad.org. We'll get back to you right away!

And if you aren't eligible to vote in the Virginia state elections, please pass this information on to friends you know who do!

Democratically yours,
