Notes:	

Testing Script

INTRODUCTION

Hello, my name is [moderator], and I'm going to walk you through today's session. As I mentioned over email, my class is currently working to create and test a Rewards Tracking App. I'd like to begin by thanking you for making time to speak with us. Your feedback is valuable and will help us determine if our website functions as intended. Just to confirm, we'd like to keep this session to [duration; for example, 30 minutes]. Does that still work for you?
