

## **Irish Connection OCG grading cover sheet**

### **Overview**

Thank you for considering to grade your cards with OCG through Irish Connection. Please see all the information below that will hopefully answer any questions you may have about the form and the grading process.

### **Our submission process**

- All cards are submitted with no "qualifiers" and no "minimum grade". Sorry, no exceptions can be made on this.
- Once the orders are sent, all the submission numbers are entered into the OCG update spreadsheet. Emails are then sent for your order with order number and submission number.
- Once the cards return completed back to the shop, you will receive an email. A follow up call will be made after 2 weeks if the cards have still not been picked up.
- All payments are made when cards are submitted and dropped off at the Irish Connection.
- Cards are picked up Once a week.

### **Updates On Your Grading order**

- We understand that everyone is very eager to have their cards return from OCG and we want to be as transparent as possible in the whole process, but there is only so much information and updates from OCG that we can provide. Here are a few things to remember and what we do to keep you updated as much as possible.
- Remember that turnaround times are based on business days, so weekends and holidays do not count. These time frames are estimated and not guaranteed. OCG does things at their own discretion and there is no rhyme or reason to why some orders, even at the same grading level, may get done faster than others.
- Once you receive your grading submission emails with your submission number(s), you can use that number to track the progress of your order on the spreadsheet that is available to view on our OCG grading page on our website.
- The spreadsheet is updated every week.
- The spreadsheet is the only way we can provide updates. So please refrain from contacting us about this matter.
