
March 16, 2023

The dentist is coming to our school! Dental cleanings are free of charge to AFIA students. The dentist visit will take place April 18th, May 1st, 12th, 15th, 16th, & 17th. **If your student is absent or tardy, their visit will not be rescheduled.**

If you would like for your student to see the dentist please either
(1) Fill out the form sent home with your child and return to the school by Monday, March 27th. Or (2) Complete a dental form online at https://www.myschooldentist.com/AFAFMO_schsrn

*We always recommend filling out the dental form **online** to avoid the paper form getting lost, left on the bus, ripped or torn, eaten by the dog, etc.*

NOTE: The online form can be completed all the way up until the day of dental visit, but there is not a guarantee that your student will see the dentist due to time and equipment limitations that were not accounted for from the delayed submission of enrollment. **The ONLY way to ensure your student will see the dentist is to fill out the paper form sent home OR the online link listed above by Monday, March 27th.**

Please contact the school if you have any questions.
