

Miss Keeana

Bachelor of Science in Elementary Education with an emphasis in Early Childhood Education from Winona State University

MN Licensure: Elementary Education & Early Childhood Education

Why I Teach:

I was a non-conventional learner growing up. I struggled finding 'my' way to learn throughout my K-12 experience. I want to provide children with multiple different ways to learn in the classroom and support each and all of their learning styles. I also pride myself in providing a caring, loving and supportive classroom for each child in my class.

I love that I am able to give back to the community that raised me by teaching Eastern Carver County's youngest learners!

Teaching since:

2019
