COMMISSION STATUS: **OPEN**

GENERAL INFORMATION:

- I reserve the right to decline any commission for any reason. If I feel you're being rude, you will be added to my blacklist.
- I reserve the right to post / not post commissions.
- **You must be 18+** to order any kind of commission from me.
- **NO REFUNDS. This is my only source of income.** Please spend your money wisely!
- I am chronically physically ill, so please be patient when ordering from me. Turnaround time can vary greatly depending on the state of my health.

└ Because of this, I am **not** a fast-paced artist by any means. Apart from my illness, I have other responsibilities, too. All artwork will be done in my own time.

- I use [Discord](#), [Telegram](#), and [Twitter](#) for discussing commission details
- I will draw private commissions for those who wish to remain anonymous.
- I specialize in drawing ferals, anthros, nature backgrounds, items, and much more. I have no problem drawing harder kinks such as incest, non-con, ect. Just ask!

PAYMENT INFORMATION

- Payment can be made through PayPal, CashApp, or Zelle
- Payment **must** be made before the initial sketch
- Payment plans are available for commissions **over \$300**
- All added details will require additional payment (e.g. accessories, alt versions, POV shots, etc.). Prices will be discussed on an order-to-order basis.
- **Complex designs will require additional payment. Prices will be discussed on an order-to-order basis.**

RULES

- **I will provide WIPS via Trello after each stage of your order:** the clean sketch, the lineart, the flat colors stage, and the shading stage. After I show you the initial sketch via messages, I will provide a Trello link so that you may follow your order's progress. There are two free redo/alterations sketches, after that there is an extra fee. **Attempts to message me about WIPs may received delayed responses–Trello is your best bet for commission updates.**

⚠ Do not spam or harass me regarding updates. Doing so will terminate any future contact between artist and commissioner, and the commissioner will be blacklisted. ⚠

- All changes
- You are not allowed to share my WIPs to those not directly involved in the commission. This prevents my work from being leaked, stolen, etc.
- You must provide a **clear reference and any necessary information** (along with a link to other artwork of the character, if available) before reaching out for an order. This saves a tremendous amount of time on my end!
- If you upload a commission I have done for you on any platform, please credit me using my Twitter handle or FurAffinity username.
