Socratic Seminar Debrief

1. How did you feel about the seminar?	
2. Reflect on your own experience- would you have changed anything if you could	
3. If you changed your opinion during the discussion, what changed it?	
4. What was the best part of the seminar? The worst part?	

<u>Reflection</u>

What is one thing you liked that you said?	
What is one point someone else said that you agree with?	
What was the most interesting question?	
What was the most interesting idea to come from a participant?	
What was the best thing that you observed?	

What was the most troubling thing that you observed?	
What do you think should be done differently in the next seminar	
As a Socratic Seminar participant, what area of the process will you work on for next time?
