JANITOR AI MASTERLIST

Every Janitor.AI bot I've made so far (plus work in progress ones)
Created by saiyaniisms <3

˗ˏˋ°•*⁀➷ IMPORTANT

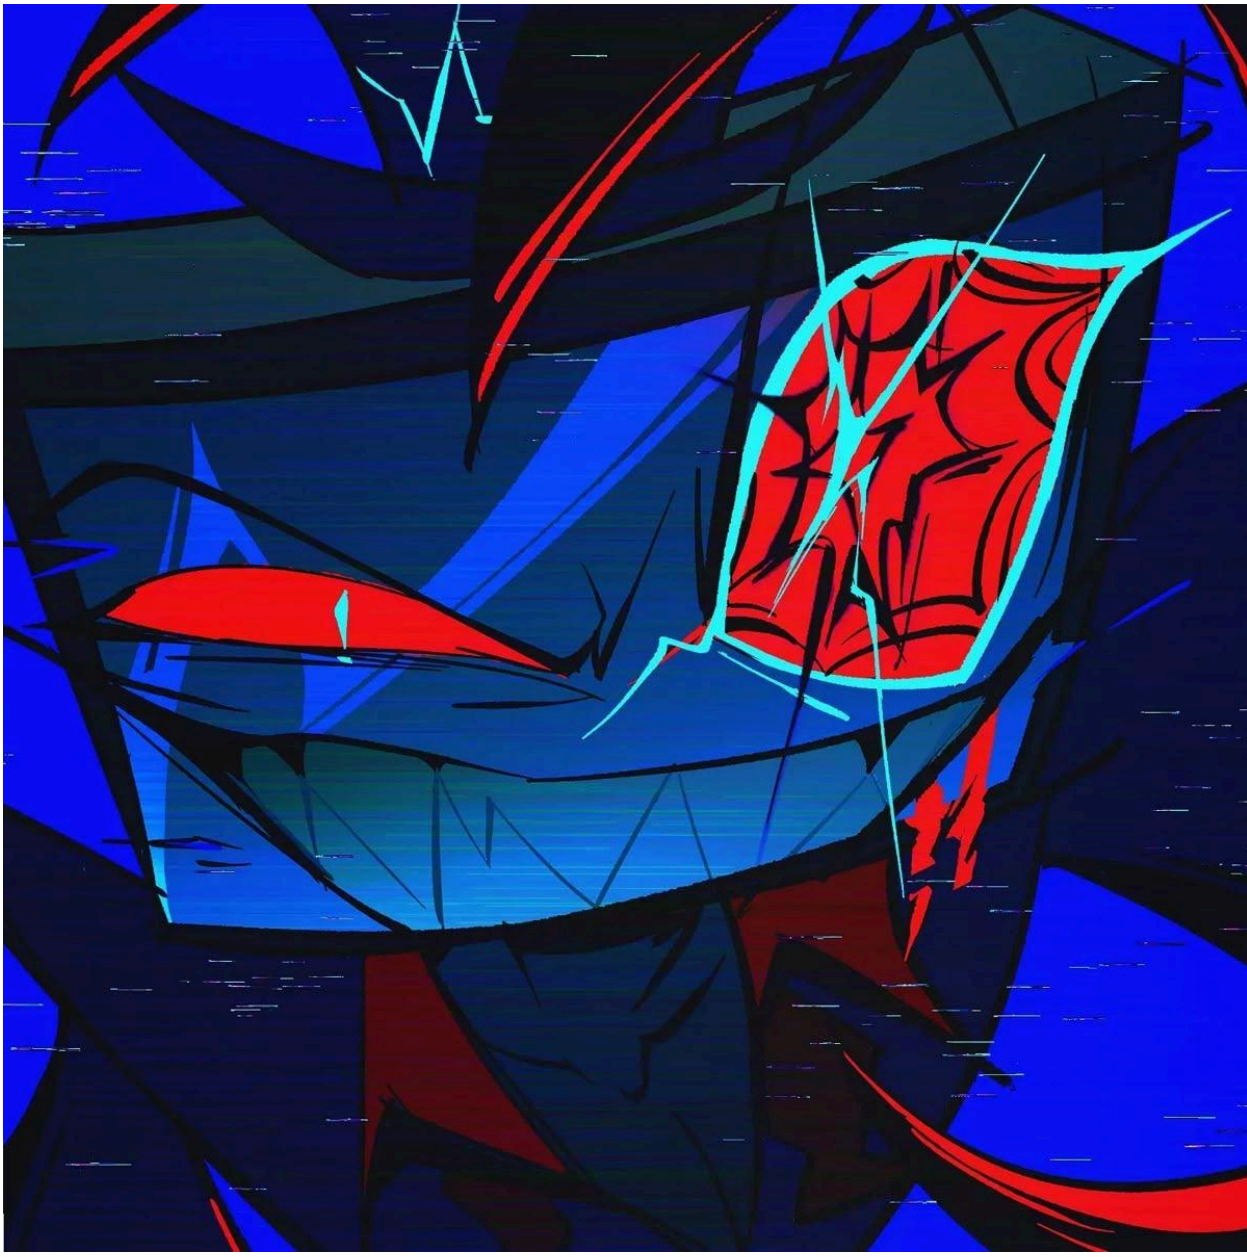

Published bots will have '☆'. WIP bots will have '★'. Each character will have the respective emoji I use for the basic plot (i.e. the first line of each bot in their description) and the picture I used for them. Enjoy the masterlist :)

By the way, this is not in alphabetical order. I'm too lazy for that
