

Safey Security offers optional auto-renewable subscription plans that provide access to premium features and enhanced security tools.

Available Plans

The App may offer the following subscription options:

- Weekly Plan: \$4.99 per week
- Monthly Plan: \$9.99 per month
- Yearly Plan: \$49.99 per year

Certain plans may include a 7-day free trial.

Free Trial

If a free trial is offered:

- The free trial allows you to use premium features at no cost for the specified trial period.
- The trial subscription will automatically renew as a paid subscription unless cancelled at least 24 hours before the trial ends.
- You may cancel the free trial at any time through your Apple ID account settings.

Auto-Renewal

Subscriptions automatically renew unless auto-renew is turned off at least 24 hours before the end of the current billing period.

Your account will be charged for renewal within 24 hours prior to the end of the current subscription period.

Payment

Payment will be charged to your Apple ID account upon confirmation of purchase.

All payments and billing are processed through Apple's App Store, and Safey Technologies does not store or access your payment information.

Managing Your Subscription

You can manage or cancel your subscription at any time by going to your Apple ID Account Settings after purchase.

Cancellation

Cancelling a subscription stops the automatic renewal, but your current subscription will remain active until the end of the current billing period.

No refunds will be provided for unused portions of a subscription period unless required by Apple's policies.
