

Kelly Roach - Kairos Mentorship

Your soul is craving something deeper and more powerful in business and life.

Your heart is telling you there is something greater.

A richer existence is awaiting you.

Your bank account is telling you, you haven't even begun to scratch the surface.

And you KNOW it's time for YOU to uplevel your leadership, grow in your faith, and expand the vision for what's possible in your life.

As a KAIROS leader you will:

- Develop faith and moves mountains
- Step into next level leadership that makes millions
- Build a businesses that becomes a generational wealth creation machine

After helping countless business owners...

multiply their income and catapult their growth to extraordinary levels I noticed a trend...

Thousands can learn the EXACT same formula, blueprint, method, strategy and tactics, YET they achieve wildly different results.

Why?

Because the ability to cast vision for, lead and manage a team, clients, and the market, is about the INNER GAME.

The deep inner workings of your mindset, beliefs and habits ultimately determine the outcomes of your business and life.

Your beliefs are running your life and determining your RESULTS without you knowing it.

The great news is that you can upgrade your beliefs, change your mindset, and heal your past.

If you want to create mind blowing results financially, in a faith and family first business, you MUST learn the language, beliefs, and habits of champions, so you can BECOME one.

IF YOU WANT EPIC BUSINESS RESULTS YOU MUST MASTER THE MENTAL GAME!

The truth is, the more successful you become...

the more you begin to see that the results you create, have little to do with the "tactics of the day" and everything to do with your ability to navigate...

- Employee issues
- Wild market swings
- Betrayals by people you care about
- Losing your sense of connection with your old inner circle, then trying to establish a new one
- The learning curve of building an autonomous team
- Sales, performance, and revenue fluctuations
- The mental load of staying clear on the vision while living in the day to day

...And the list goes on!

Your mental agility as a business leader

will MAKE or BREAK your capacity to thrive at the multi million dollar level.

ENTREPRENEURSHIP IS A MENTAL, PHYSICAL, EMOTIONAL, AND SPIRITUAL GAME.

When things get hard...

When momentum slows...

When you feel trapped by the business you've built...

You have a choice.

Give up.

Go small.

Or step into your NEW ERA of business leadership.

That's what KAIROS is all about.

I want to help you develop true and lasting mastery in all areas of life, to overcome absolutely anything that comes your way.

The more equipped you are mentally, the more likely you are to navigate these things successfully.

In the surface level world of business today, I see a NEW generation of business leaders RISING up.

These are...

The Disruptors

The GAME CHANGERS

The Visionaries

- They are **TIRED** of the status quo and ready to operate beyond the blueprint.
- They are **READY to BREAK** the thermostat that's been keeping them stuck.
- They are ready to **STOP** playing by other people's rules, and **START** living out their faith.
- They are ready to elevate beyond millions in revenue and into millions of **TAKE HOME INCOME** for their families.

It's time for a new type of business leadership.

Intuitive. Integrity driven. Faith centered.

Preemptive. Focused. Innovative.

You KNOW there is so much more for you to accomplish.

God's given you massive passion, a huge MISSION and you are ready for a season of reinvention, personal growth, and levels of success most only DREAM of!

It's time to lean in to where you are being called next and step up as a leader, capable of results

BEYOND BELIEF.

- Consider this your personal Time Machine that transports you to your goals in a fraction of the time with far less “efforting” and far more “elevating”

Ten years on your own or 12 months inside the KAIROS mentorship.

You decide.

Why does this matter TO YOU????

Chances are, you've outgrown many of the coaches you have worked with in the past.

Most coaches have experience in 1 business, 1 industry or 1 framework.

The moment something shifts or changes they are as lost as you are.

Many of the people you have paid or are paying to guide you, are struggling with the same things you are and have no idea how to get through it, let alone help you find your way.

The truth is... you can't give something you don't have.

I've helped hundreds of clients, JUST LIKE YOU, achieve results like:

- Being recognized on the INC 5000 list this year and last
- Crossing over 8 figures in business with a multi-million dollar take home income
- Buying multiple businesses on top of their first business
- Cut their work week by over 15 hours while growing profits
- Pay off all debt
- Fully fund their children's college tuition
- Build their dream home
- Retire a spouse so they can travel the world together
- Relaunch new businesses that totally align with their next level calling
- Grew by over a million dollars in revenue in a single year
- Build a dream team and elevate into true visionary leadership

These results COULD be yours.

But the INNER work of a champion precedes the OUTER results.

There is no limit to what you can do if you commit to BECOMING the person your dreams require.

This is my NEWEST WORK, my best work, my LEGACY work.

It means you are getting the BENEFIT of all the hundreds of test cases and results my clients have accumulated over the years and you are getting the FAST TRACK.

Your investment

Kairos is the culmination of 20 years of leadership, business building, growth lessons and global impact. And while the price of this program based on its value and the RESULTS you are capable of obtaining in it is easily worth over 100,000 dollars, I'm not charging that.

In fact because it is SO important to me that you are still able to work with coaches, strategists and the other support you need in your business growth journey, I have chosen to go a different route completely.

In fact my goal is that you will choose to become a KAIROS leader today and continue on this journey with me for a lifetime.

For this reason I am pricing this full year mentorship at the same amount you probably spend on wasted tech subscriptions you don't use each year...
