

Huron School District is offering a 2022 summer school program for in-district students in grade Kindergarten through 12th grade.

Our K-8 program is being supervised by Mr. Jason Gomez and consists of enrichment classes at each elementary and middle school grade-level in both academic and elective courses.

Our 9-12 program is being supervised by Mrs. Kathleen Springer and consists of Math, English, Social Studies, and Science credit recovery to help students remain on track for graduation. There is also an incoming 9th grade program for students coming to HHS from Renton that will focus on developing good study habits/skills, plus enhance math and literacy skills.

In-district transportation is provided, but seating in the programs are limited. Please click on the links below for more details and contact information about each program.
