This page is used to inform visitors regarding policies with the collection, use, and disclosure of Personal Information for anyone using this Service.

I do not collect, store, transmit, or share any personal data or user information directly.

While the app itself does not collect your data, it utilizes third-party services that may collect information used to identify you, serve advertisements, or provide essential app infrastructure.

Log Data and Analytics

I do not directly collect log data, device identifiers, or analytics. Any crash reports, performance data, or download metrics are collected and handled automatically by the Google Play Store according to their terms of service.
