Review of 2025-26 Annual Title 1 Evaluation Review of McKinley's Annual Evaluation Tutoring was implemented with small group pull outs/ scores showed improvement in iReady Materials- determined that we did not use that money effectively; need to plan and purchase this year spring for next year fall. Software Licenses were effective, would like to include keyboarding software in next year's order. Teacher PD: Supplemental PDs; we would like to build more on that. Saturday and afterschool pds are encouraged Support Aides: has been an effective strategy Arts-integrated lessons - Not implemented as desired; Mr. Bonoli met with the MS group and they worked together to create a folder with lesson plans. Mr. Bonoli says we are under time constraints. Planning to include elementary reps to sit with the planning group.

Elementary students have shown the most growth on their iReady diagnostic. MS students remained at 20% growth. Current Title 1 services support the diverse populations in our school. Lee - How aggressively can we change our goals? Toliver - We're still striving to meet our goals; maybe we need to try new strategies. How much funding do we want to allocate to licenses? Mr. Bonoli- The books ordered were very helpful with the tutoring.
Action Item: Approval of 2025-26 Annual Title 1 Evaluation Ms. Lee motions to approve; Mr. Bonoli seconds Motion passes
