8	Madrid	8	2	6
9	Westwood	8	2	6
10	Catalina	8	2	6
11	Sevilla West	8	0	8

Playoffs

For each sport, when the teams are playing in 2 different divisions, the top two teams in each division will play against each other at the 1st seed's home location. The winners from the playoff games, from each division, will play for the championship at a designated location. Playoff seeding is determined by 1) winning percentage 2) head to head matchup (win/loss). If the prior match between teams is tied, the tie breaker will be 1) point differential between the tied teams, 2) best won-lost-tied points in common games, 3) points the defense allowed for the season, and finally 4) a coin toss. First and second place winning teams for each sport will be awarded a team trophy. All other individual and team awards and recognitions may be done at the individual school sites.

For each sport, when the teams are playing in one division, all teams make the single elimination playoffs. The outcome from the season determines the seeding for the brackets. Games are held at the higher seed's home site or other designated location. Playoff seeding is determined by 1) season record and 2) head to head matchup (win/loss). If the prior match between teams is tied, the tie breaker will be 1) point differential between the tied teams, 2) best won-lost-tied points in common games, 3) points the defense allowed for the season, and finally 4) a coin toss. First and second place winning teams for each sport will be awarded a team trophy. All other individual and team awards and recognitions may be done at the individual school sites.
