

DEPARTMENT OF CURRICULUM AND INSTRUCTION

M.A. Plan A Thesis Review Form

The M.A. Final Examining Committee consists of three members, two within the major and one from outside the major track. The student's adviser(s) must participate. All members of the committee and the student must participate in the final examination.

The Final Examining Committee must meet to discuss and approve the student's Plan A thesis proposal before the Graduate School forms can be signed and sent to the Graduate School for approval.

You must electronically assign your Examination Committee at: "[Assign/Update Examination Committee](#)" with the Graduate School. You will be notified about any issues with regard to your committee make-up.

To request an expert outside the University of Minnesota to serve as a member of your committee, contact the Graduate Studies Coordinator (cigs@umn.edu) before assigning your committee online.

M.A. Plan A Student's Name	_____
Major	<u>Education, Curriculum and Instruction</u>
Track	_____
