

School Council Meeting Minutes

May 8th, 2025

Present: Angel Payne, Shauna Sutton, Nancy Osmond, Pamela McNeil, Karen Hann, Stephanie Budgell, Paul Taylor

Absences: Shelley Langford, David Baines

The Lion's club contacted Angel offering to do something substantial for the school. Angel emailed our DOS (Steven Perchard) and Maintenance person (Todd Penney) to see how something like this would work. Derek Anderson (Lion's Club) suggested renovating the kitchen. Angel has a meeting on Monday to see what the options are for accepting a donation like this.

An announcement was made that money has been budgeted for planning that we need a new or renovated school for our community.

We are going to revamp our letter that was written in the fall to let our school community know that we are going into an election year and this needs to be at the forefront of our concerns to anyone that is campaigning.

Maintenance updates: New heaters and flooring in the hallway, new rubber baseboards, going to look at the flooring in Jessica Bromley's room is all cracked up, a smartboard projector was installed, the new viewboard will soon be installed in IRT.

New daycare is opening in fall with an after school program, it's not on all our regular bus routes (just on yellow bus). There may be push back from parents who will want their children to be dropped off there. Angel contacted Mandy Penney (transportation) to inform her of a possible request from parents.

Jersey update: most cost efficient was the reversible jersey from the Trophy Shop, Karen brought up an online shop called Sports Gear Swag.

Volunteer appreciation: a casual continental breakfast on the last day of school (no students) between 7:30 am-9:00 am.

Discussion regarding bike safety for students who bike to and from school. Maybe we can offer a safe route to students. Angel reached out to the RNC to do some bike safety.

End of year meeting at Cafe 59 June 5th, 2025.

Meeting adjourned at 8:10 pm.
