Experience

Nurse Practitioner

Jan 2014- Present

Upstate Medical Associates, Seneca, SC

- Develop treatment plans based on scientific rationale, standards of care, and professional practice guidelines
- Recommend interventions to modify behavior associated with health risks
- Analyze and interpret patients' histories, symptoms, physical findings, or diagnostic information to develop appropriate diagnoses
- Order, perform, or interpret the results of diagnostic tests such as complete blood counts (CBCs), electrocardiograms (EKGs), and radiographs (X-rays)
- Educate patients about self-management of acute or chronic illnesses, tailoring instructions to patients' individual circumstances
- Diagnose or treat chronic health care problems such as high blood pressure and diabetes
- Help NP students formulate differential diagnoses and treatment approaches using evidence based medicine

Assistant Director of Nursing

Jan 2009-Jul 2011

Glorified Health and Rehab, Greenville, SC

- Supervise nursing staff and provide training and orientation to new staff
- Establish work procedures, schedules, and keep track of the daily work of nursing staff

Staff RN

Jan 2007-May 2008

Upstate OB/GYN, Clemson, SC

- Maintain accurate, detailed reports, and records
- Order, interpret, and evaluate diagnostic tests to identify and assess patient's condition

- Conduct specified laboratory tests

Jennifer Anne Nicholson
