

Consent for Fentanyl Poisoning Awareness

HB 3908 (88th Texas Legislature, Regular Session, 2023), known as Tucker’s Law, TEC, §38.040, requires each school district and open-enrollment charter school to annually provide to students in grades 6–12 research-based instruction on fentanyl abuse prevention and drug poisoning awareness to educate students about the dangers posed by the drug fentanyl and the risks of fentanyl poisoning, including overdose. Fentanyl Poisoning Awareness may include age-appropriate instruction, including instruction on the prevention of the abuse of and addiction to fentanyl, as determined by each school district.

The District is providing parents the opportunity to OPT OUT their student of the Fentanyl Poisoning Awareness lessons.

These lessons aim to inform students of the dangers of opioids, including addiction to and abuse of synthetic opioids such as fentanyl (Texas Education Code (TEC) §28.004(c)). All lessons and materials for these topics are available for viewing by any parent or guardian and are maintained in the counseling office on each campus.

Fentanyl Poisoning Awareness Consent Decision

____ I DO NOT consent for my student to participate in Fentanyl Poisoning Awareness
