WORK EXPERIENCE

Feb 2025 - Present **Full-stack Developer, Teifi** - *Rijswijk, Netherlands*
Working as a Fullstack Developer in the Integration team at Teifi Digital, delivering tailored solutions for the biggest Enterprise Shopify Plus clients in US and Canada.

Sep 2023 - Feb 2025 (1 yr 6 mos) **Full-stack Developer, Miyagami** - *Amsterdam, Netherlands*
Developed frontend and backend solutions while handling monitoring, QA/QC, and client interactions. Built an automated admin dashboard, cutting future admin panel development time by 30%. Led a team of four, ensuring efficient delivery and growth.

Nov 2022 - Sep 2023 (10 months) **Software Developer, Freelance** - *Rotterdam, Netherlands*
Provided personalized web solution services to clients, resulting in improved website efficiency and performance. Acted as a mentor to individuals learning React, successfully enhancing their understanding and practical skills in the framework.

Sep 2021 - Oct 2021 (2 months) **Full-stack Developer Intern, Jotform** – *Ankara, Turkey*
As a full-stack developer, I collaborated in a team of 3 and successfully developed a user tracking feature for form approvals. My primary focus was on frontend development, while also contributing to parts of the backend.
I presented the completed feature to the entire JotForm team.

Jun 2021 - Aug 2021 (3 months) **Frontend Developer Intern, ikas** – *Ankara, Turkey*
I was responsible for development of React components and their integration with ikas storefront API for a theme.
I have developed a full theme by the end of my internship.

Feb 2021 - Jul 2021 (6 months) **Software Developer (Remote), Marktscout** – *Berlin, Germany*
I successfully automated the stock update process, eliminating the need for daily manual creation and uploading of CSV files to various marketplaces. The backend application I built, resulted in freeing up the daily workload by 50%.
Also developed a supplier dashboard, and oversaw the deployment and monitoring of the entire backend application.

EDUCATION

2020 – 2022 **Atilim University,** B Software Engineering (Double Major)
2019 – 2022 **Atilim University,** B Information Systems Engineering
