

4th Grade Club
Main Street School
2024-2025

Club	Advisor	Description
Art Club	A. Jones	This club is an open space for students to create and work from their own ideas. You will have the opportunity to use a variety of materials, learn tips on techniques, and get feedback to guide your work forward . When needed, you will be provided with suggested projects and examples to inspire new work. Overall, the goal of the club is to give you extra time and encouragement to develop your own personal artistic practice. Day: Tuesday Time: 12:10-12:50pm
Board Games	S. Reilly	Join us for some fun in the Board Games Club. You will get a chance to meet other 4th graders and make new friends! There are plenty of games to challenge your mind and engage in some friendly competition. Day: Thursday Time: 12:10-12:50pm
Coding Club	V. Parrillo	Know how to code? Want to learn more? Join the coding club this year!! Every Monday, you will get a chance to work on many different activities using Scratch - some are easy, but many are challenging! Club members will have a chance to work at their own pace and on their own theme. We will share and discuss our strategies with other club participants.. Multiple sessions will run, each for eight weeks. Day: Wednesday Time: 12:10-12:50pm
Geography Club	L. Gervasi	The Geography Club is a fun and simple way of learning about Geography by playing games where club members can exchange knowledge. It promotes awareness of our world and general learning through the art of having fun with geography. Come make friends and learn one another's culture, background and history- connected to geography. Day: Monday Time: 12:10-12:50pm
Homework Club	A. Jones D. Watkinson D. Lee K. Ginley	This club offers students a unique opportunity to complete home/school work in a timely manner, receive home/school work support and encouragement, and get ahead academically. Day: Monday, Tuesday, Wednesday and Thursday Time: 12:10-12:50pm
Mathletes	C. Andrasko	The Continental Math League is a national program which challenges students to use computational, analytical, and problem solving skills. The students in the Math League Club at the fourth and fifth grade levels compete in five math “meets” throughout the course of the school year. There are six questions for each 30-minute math meet. During the club time, students prepare for the national math meets by practicing problems and sharing their solutions and strategies. Day: Friday Time: 12:10-12:50pm
Mindfulness	N. Allison	Mindfulness Club gives students at MSS the opportunity to explore mindfulness which brings awareness to ourselves, increases focus, reduces stress and increases empathy and understanding of others. This club provides students with healthy ways to express, balance, and regulate their emotions and behavior. You will learn strategies and techniques to connect body and mind to learn to respond rather than react to a variety of situations. Day: Friday Time: 12:10-12:50pm

Newspaper	D. Watkinson	If you are an aspiring writer and interested in collaborating with your peers on current events and topics of interest, this club is for you! Possible sections include: current events, interviews, book reviews, recipes, advice columns and jokes. Day: Wednesday Time: 12:10-12:50pm
Reader's Theater	M. Sensi	Readers Theater is readers reading a script adapted from literature, and the audience picturing the action from hearing the script being read aloud. It requires no sets, costumes, props or memorized lines. Day: Wednesday Time: 12:10-12:50pm
Club	Advisor	Description
School Store	D. Watkinson	The MSS School Store is a club that meets throughout the school year for Main Street School students. During lunch and recess, students will have opportunities to sell products to the school community such as notebooks, pencils and so much more. So if you are interested in sales and working with your peers, come join us at the MSS Store! Day: Thursday Time: 12:10-12:50pm
Video Production Club	S. Reilly	Students will create original video productions. They will seek out stories to tell from around the school, research and write their scripts, interview people when needed, plan the format of the program, film the news story and edit the final product for sharing at the end of the year. Students will build upon their skills and strengths as collaborators, self-confident team members and develop an understanding of what it means to be socially responsible citizens. Day: Tuesday Time: 12:10-12:50pm
Writer's Workshop	K. Ginley	The Writer's Workshop Club will require a quiet classroom where writers can write and reflect on their writing. They will need a quiet place to meet and discuss their exploration of craft and new genres. This club will build on the children's classroom work in the area of writing. It will further foster the students' joy for writing and help them to strengthen and develop their writing. Day: Monday Time: 12:10-12:50pm
