

Subject: Request to Introduce Open Caption Accessibility Legislation

Dear Delegate [Delegate's name, I'm writing to respectfully ask you to introduce legislation that would require movie theaters in our state to offer regular open-caption screenings. Open captions provide essential access for Deaf and Hard-of-Hearing community members, who often face barriers with unreliable or uncomfortable captioning devices. By introducing this legislation, you would help ensure equal access to public entertainment spaces and support a more inclusive experience for all residents. Thank you for considering this important accessibility issue.

Sincerely, [Your Name]
