✨Dance in the Light

Come and lift your hands so high
See God's love across the sky
Every step and every smile
Jesus walks with us each mile

He is shining every day
Leading us along the way

Dance in the light
Shining so bright
Jesus is with us
Morning and night

Clap with your heart
Sing with delight
We'll keep following
His wonderful light

Through the sunshine through the rain
God's great love will still remain
Every laugh and every song
With our Savior we belong

He is faithful strong and true
Always making all things new

Dance in the light
Shining so bright
Jesus is with us
Morning and night

Clap with your heart

Sing with delight
We'll keep following
His wonderful light

Jump for joy and celebrate
God is good and God is great
Every child can clearly see
His bright love has set us free

Dance in the light
Filled with His grace
Walking together
Face to face

Joy in our hearts
Hope shining bright
Forever we'll dance
In Jesus' light
