Grading Policies for First Grade

Daily classwork will be reviewed by the teacher and given a mark to acknowledge completion such as a smiley face, star, sticker etc. These grades are not entered into Infinite Campus

Below is the criteria for earning a 1-4 on graded work. End of the unit assessments will be entered into Infinite Campus. Please remember that not every assignment will have an opportunity to earn a 4.

4 - Exceeds grade level expectations
3 - Meets grade level expectations
2 - Making progress toward grade level expectations
1 - Limited progress toward grade level expectations

In writing, we will use a rubric to determine grades for each unit of study. Your child will have multiple opportunities throughout the year to produce a variety of writing products to be entered into the gradebook. The rubrics will follow the 1, 2, 3. 4 system as well.

Occasionally, discuss these grades with your child to check in on his/her progress. Discuss a few positive items to celebrate, then if appropriate, select ONE item to continue to work on. We are excited to see all of our students achieve first grade expectations this year!

Thank you for your continued support at home!
First Grade Team
