

Parent Tip Sheet: When Your Child Needs More Books

Emerging and Early Readers **K-1**

www.mycapstonelibrary.com

There are 174 learn-to-read texts that span Levels A-J. **Your child's teacher will have given you the username and password for your child's school.**

Disable audio so your child can read independently. Enable audio when your child wants to listen to a text.

Picture Books and Chapter Books Gr 1-6

Your school's library has a wealth of e-books available for reading and listening. Students simply go to the CPS Student Portal and click on the Destiny Library icon, select their school, and Search Material Type "Electronic Book (eBook)" from the drop down menu. Books display the Lexile level so you and your student can find a text that's right in his/her reading range.

Material Type

Go to the Cheshire Public Library site to learn how to use Overdrive to [download e-books](#) to any device. Check out their [digital catalog and children's section](#). Choose ebooks from the dropdown menu on left.

Overdrive Help

K-3 students each have a Raz-Plus account for 2020-2021.

Your child's classroom teacher will have customized your child's account so that books in his/her reading range are presented for daily independent reading. There are leveled fiction and nonfiction texts that students will a) listen to, b) read, and c) take a quiz to show comprehension. As students progress through the books assigned, their levels will go up. Students and parents will find this site easy to navigate and fun to use, with a game-like feel including earning points and rewards!

To access Raz-Plus, CPS students go to their school website and log in through Clever. Look for the Learning A-Z icon and click to get into their Raz-Plus page.
