State Superintendent Dr. Jill Underly released the following statement regarding a school shooting today at Abundant Life Christian School.

“Our hearts are heavy with great sorrow as we mourn the senseless loss of life in yet another school shooting. No community should ever face the pain of losing children, teachers, or friends to violence – especially in our schools. Our schools are meant to be safe places.”

“This tragedy is a stark reminder that we must do more to protect our children and our educators to ensure that such horrors never happen again. We will not rest until we find solutions that make our schools safe, and so our children feel secure. We owe it to every student, parent, and teacher to turn this great sense of grief that we are experiencing into action and build a future where senseless acts of violence are no longer a reality. The time for change is long past. Together, we will stand strong and demand the safety our children deserve.”

Philippians 4:4

“Rejoice in the Lord always.”

Psalm 119:14-16 (Longest Chapter in the Bible)

14 I rejoice in following your statutes

as one rejoices in great riches.

15 I meditate on your precepts

and consider your ways.

16 I delight in your decrees;

I will not neglect your word.

### **Devotion**

Philippians 4:4

“Rejoice in the Lord always.”

That is a command from God. Many think that joy is like the flu: you catch it. It just happens. Others say that joy is genetic. It is an innate character trait in some people that automatically emerges from their DNA. Yet all through Scripture, God commands joy. Joy is the second element listed in the fruit of the Spirit ([Gal. 5:22–23](#)).

Love is the first. Is love a virus that is caught? Is love automatic?

Every day, we choose either joy or cynicism, joy or despair, joy or desolation, joy or worry, joy or complaining. Some Christians are like Eeyore, the perennially dreary donkey from the Winnie the Pooh series who spreads gloom over the Hundred Acre Wood. He is not dismal because bad things happen to him. He is grim by choice, even in favorable situations.

In what ways will you find joy in your ministry this week?

- ☰ Donuts with Dads Operational Plan - Final Review

## Preparation for Next Tuesday

### Finalize PD Meeting

- Discuss Foreword & Welcome from Habits of Highly Effective Teachers
  - Reflect on “The concept of class behavior management incorporates everything teachers do in the classroom - from behavior expectations to how double-digits math is taught. All teacher classroom methods impact how students behave and, consequently, the way they learn.” on p.16, **Do you view everything you do in the classroom as managing behavior?**
  - Reread the second paragraph in the Welcome on p. 19: **Do you see your definition of behavior management described at the beginning or the end of the paragraph or a blend of the two?**
  - Looking at the graphic on p.22: **What do you think we do well, and where do we have room to improve?**
  - **What did you notice, or what would you like to discuss from the Foreword and welcome?**
- Review and discuss PBIS Classroom Community Plans with partners. Identify 1-2 students who are your “game-changer” students. They need your time, love, and specific instruction to make a change that will improve things for them and the community.
- Show the MDP template and discuss the parts we need to write together. (The details we must write together accompany our Mission and vision statements.)
- Review the Mission Statement and continue work on Vision statements and 3-4 words, beginning by reviewing the work the leadership team began.
  - St. Paul Lutheran School exists to nurture our school families with God's Word, to guide them in applying their faith to their lives, and to joyfully share the good news of our salvation with the world around them. Proverbs 22:6—“Start children off on the way they should go, and even when they are old they will not turn from it.”
