

Core Educational Apps for iPads

Our Faculty of Education is looking at volume purchases of 'core apps' for the sets of iPads we have recently purchased. I am hoping to generate a list here of apps that would be suitable for teacher educators and preservice teachers for use and exploration. Could you please add your suggestion below in this Google Doc? This final list will be kept available for all those interested. Thanks in advanced. ~ *Alec Couros*
(also, if you assisted, be sure to add your name near the end of the document)

- Aurasma
- MoldivStage: Interactive Whiteboard and Document Camera
- Audioboo or Croak.It
- Book Creator
- Class Dojo
- MyScript Calculator
- Haiku Deck

- iTunes U
- Socrative (Student and/or Teacher)
- Minecraft
- Comic Life
- Google (Search)
- Class Compete
- Dual Browser
- Popplet
- Inspiration Maps/Kidspiration Maps by Inspiration Software Inc.
- Write About This
- Wolfram Alpha
- Khan Academy by Khan Academy
- Subtext
- Apps Gone Free
- TED
- Educreations/ShowMe/Explain Everything
- Skype
- Prezi
- EasyBlog
- Photon
- Sketchexplorer
- Creatorverse
- VideoScribe
- Thinglink
- YouTube
- iBooks
- Adobe Reader
- Paper by 53
- Tellagami
- Adobe Voice
- NFB StopMotion
- Socrative (Teacher and Student)
- iAnnotate
- Drafts
- Pushpinapp
- Tech Smith
- Barefoot World Atlas
- BrainPOP
- Drawp for School

- Sketchbook Pro
- Touchcast
- Flipboard for news/Images
- Edmodo
- Virtual Nerd (student help with Math, by common core or subject)
- Geddit (letsgeddit)
- [Stick Pick](#)
