Terms of Service, Prices and Details

Prices (Twitch)

Stream Overlays and Assets:

I have two different prices for Twitch Assets, as I offer both a minimalist and painted style. If you would like something that fits in with a lo-fi layout, minimalistic would be more for you, however if you would like your screens to include a lot of detail, then painted would be a better option! All prices shown are examples based on the minimum package inclusions, any additions or modifications may result in a different price so please ask if you are unsure.

Overlay Package, Minimalistic..... £180

-> Including :

*A Stream Starting and Stream Ending screen

*A "Just Chatting" and an additional screen (designed for art, lego building, gaming etc)

*A png webcam border that can be moved and resized

*4 panel headers (can be customised, but eg: About, Schedule, Socials)

4 alerts (standard: new follower, new subscriber, bits, donation)

This pack does not include animation as standard, but if you would like to add any animated aspects they would be subject to an up-charge of **£50** minimum (depending on the level of animation)

-> Any additional screen (eg BRB, offline screen) will be subject to an additional **£30**

Overlay Package, Digitally Painted..... £350

-> Including :

*A Stream Starting, Stream Ending and a BRB screen.

*A "Just Chatting" and an additional screen (designed for art, lego building, gaming etc)

*Webcam borders that can be moved and resized, in multiple dimensions

*Unlimited panel headers, plus the option for a schedule graphic

4 alerts (standard: new follower, new subscriber, bits, donation)

This pack does not include animation as standard, but if you would like to add any animated aspects they would be subject to an up-charge of **£100** minimum (depending on the level of animation)

-> Any additional screen (eg offline screen, lobby screen etc) will be subject to an additional **£50**

Please note, I do also have some premade stream assets listed on my Etsy and Ko-Fi that are ready to use. These packages cannot be added to or changed, they come as-is.

If there is something you would like that is not listed above, ie a mixture if simplistic and a more detailed stream package, please just message me to enquire! :)

Emotes:

Emote Package One..... £50

-> 5 Emotes, fully customised. No animation

Individual emotes..... £12 each

COMING SOON: I will be offering an emote package and individual animated emotes.

COMING SOON: VTuber Assets

Please note: I do not design VTuber models!! That is not in my range of skills at all, I just design assets that can be used on your stream :)

Payment

The client will have the option to pay:

- *100% Upfront*
- *50% when the commission is accepted, and 50% when completed*
- *Installments split by each stage of my process (Sketch, Rendered/coloured, finalised)*

If going by installments, I will wait as long as needed for the client to fulfill the next payment (Under no definitive deadline). I won't continue the work until the next installment has been received.

All payments will be handled through Paypal Invoices. Regardless of payment option, I **WON'T** be giving you any of your official assets or art until I get the full pay. **This is non-negotiable.**

Under **no circumstances** will I accept crypto currency as a valid form of payment.

If the project is accepted, the client may always ask me directly for more specific requirements that I haven't listed. We can also discuss in better detail how to complete a project's payment even after choosing a payment plan (Within reason and depending on how many assets have been commissioned).

PURCHASING DESIGNS, OWNERSHIP & COPYRIGHT

Whether you commissioned me for any type of design or bought a pre-made design from me, once the design has been purchased **YOU MUST GIVE ME PROPER CREDIT WHENEVER AND WHEREVER IT IS USED OR SHOWN.**

Examples of proper crediting:

- My name, a link to social media and/or my website listed in your Twitch Info Pannels
- My name, a link to social media and/or my website listed in a youtube description box.
- If a design is printed on a shirt for sale, the shop listing online for the shirt should include my full name (Isabel Louise) and a clickable link to my website.

Please reach out if you are unsure about how to credit me!

You may NOT resell any of the designs themselves or claim said designs are created by you. As stated, proper accreditation is a requirement for working with me.

I retain the right to use my designs in my portfolio and promotional images unless specifically requested otherwise by the client.
