Welcome Committee Member

Ex-Ethics Committee Chairman: Broda Kagen

Amnesticated: SUCCESS

Reason: Retirement

Chairman Kagen was reinstated into Site-65 staff due to his experience and abilities. Whilst the amnestics targeted memories of a secretive nature, his skillset remains unharmed. Most associated site staff were amnesticated after his retirement. Those untouched by amnestics are bound by the secrecy policies within the SCP Foundation.

It is advisable that Mr Kagen is not exposed to Class X Mnestics due to the sheer amount of knowledge he'd be re-exposed to again.

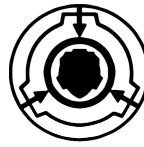

Reassignment request has been submitted to the Committee for the position of Site Advisor within the Foundation.

Subject: Reassignment of Mr B.Kagen

Good Afternoon Committee Members.

With the tragic loss of Chairman Remmy Marshall, it has been decreed by the Office to bring Ex-Chairman Broda Kagen, currently amnesticated of prior duty and serving as Site Advisor at Site-65, back into the fold as Chairman of the Ethics Committee following the disastrous incidents occurring Foundation wide. The mission statement has been compromised and re-alignment is required.

You are being sent a shipment of Class-X Mnestics to begin the reversion of our information safety protocol. Please ensure this is done promptly and the appropriate record expunging is done.

Kind Regards,

Assistant K.
