Summary: Part 10 of Delicious Seed. Adam comes to the living room on Christmas Morning to find Starfire and Raven have gift wrapped one another in heavy bondage under the Christmas Tree for him to enjoy to his heart's content.

Waking up alone these days is a pretty rare occurrence, all things considered. Even when one of his lovely ladies wants to make him breakfast in bed, the other usually stays behind to crawl under the covers and wake him up slowly while taking care of his morning wood with their mouth.

So when Adam wakes up on Christmas Morning to neither of these things, he's honestly a little surprised, a bit confused, and maybe even just slightly hurt. Blinking his eyes open and staring at the ceiling, he furrows his brow for a moment in consternation before sitting up in bed and looking around.

As he'd already known, he's all alone in the bedroom… though at least the past year or so of his life wasn't some prolonged dream or fantasy that he was just waking up from. One look at the closet is enough to take care of those fears, revealing the attire of both Starfire and Raven filling the alcove to the brim.

So he definitely did have a committed relationship with two sexy former heroines, along with his weird on-again, off-again thing he had going with Blackfire.

Still, where were Starfire and Raven then? The three of them had spent the night cuddling together in the living room watching Christmas Movies and drinking eggnog, so it wasn't like they didn't know what today was. Hm… maybe they were BOTH cooking him breakfast in bed?

Except he doesn't smell any of the telltale signs of breakfast food wafting from the kitchen, so… in the end, Adam just has to get up out of bed and investigate.

"Star? Raven? Where are you girls?"

To his surprise, he hears some sort of response to his query. But its incredibly muffled. Brow furrowing even harder, Adam leaves the bedroom and makes his way out into the rest of the apartment, following the noises.

"Mmm!"

"Nnngh~"

Finally, he comes out into the living room, from which he can see that the kitchen is completely empty and there is no one preparing food there. But the reason why that is becomes abundantly clear a moment later when Adam turns his head towards their Christmas Tree… and looks down.

An involuntary snort of amusement escapes his nostrils as he stares down at the… wriggling sight at the foot of the Christmas Tree.

"There you two are."

Starfire and Raven both lay there at the base of the tree, heavily restrained wearing nothing but rope, O-ring gags, and blindfolds. Oh, and a lot of Christmas Ribbons. It's obvious they can hear him, but that seems to be about it because while they twitch in his direction, they can't actually see him.

What does it say that Adam knows immediately what happened? He can just imagine how it would have gone. Raven would have had Starfire tie her up first, obviously. Maybe loosely put the gag in so she could still speak. Then, Raven would have used her magic to tie up Starfire in turn before they both inch-wormed at one another to put on the finishing touches.

Sighing, Adam chuckles and shakes his head.

"Merry Christmas to me I guess, huh? What AM I going to do with you two?"

"Hnngh~"

"Mmmmm!"
Smirking, Adam pulls out his cock quietly so they can't hear, knowing they can't see.

"Oh? So you think I should fuck you, is that it?"

"Mmmhmm!"

"Unngh!"

It takes him a second to translate that second one as 'Yes!'. Pretending for a moment longer as he walks closer, Adam hums.

“I don’t know… I’m feeling kind of peckish. Maybe I should eat breakfast first and wait to enjoy my presents later…”

That, of course, prompts a lot of muffled protests and some more wiggling from his two lovely lovers. Not that either of them are truly helpless in this state. If they thought he was really serious and weren’t willing to put up with it, they could both break free at any time. But they won’t, because they want to be his good little submissive fuck sluts.

Grinning wickedly, Adam drops to his knees and smoothly gathers up both of their heads with his hands. His fingers trailing through Starfire and Raven’s hair, he drags their heads in close so that their spread lips ghost across his already throbbing cock, making them moan happily in unison.

“”Mmmm~””

“Yes, yes. You didn’t really think I was going to leave you both hanging, did you?”

That was a thought. They should have dangled themselves from the ceiling for him or something. But… nah. That wouldn’t have been properly festive and Christmas-y like putting themselves under the Christmas Tree as a pair of presents was.

Regardless, their tongue push out from the rings in their O-ring Gags and they both begun to swirl and slurp along either side of his shaft, even as their lips brush back and forth across his length. Adam shudders from the sensations, letting out a pleased hum as he kneels there and enjoys their efforts.

“That’s my good girls. Always so dedicated. Always so ready to submit.”

That just makes them moan some more. As well as hump the air with their drooling puffy pussy lips. Adam just grins, moving his hands from their heads down to their chests as they continue to orally service him as best as the gags will allow. Their breasts, wrapped up tightly at the base by the rope they've tied themselves up with, jiggle and squish in Adam's grip, even as he squeezes and kneads them while also pinching at the nipples.

Starfire and Raven both arch their backs into his touch at that, moaning all the while, breathing hot air onto his twitching, throbbing cock.

Briefly, Adam considers fucking their faces one by one. After all, that was why they were wearing these particular gags after all. But… as much fun as this is, he does want to get to breakfast sooner rather than later, and he's not intending to spend his entire Christmas Day with these two bound and gagged or anything.

That said, Adam pulls his cock back from between their mouths, making both Starfire and Raven moan in disappointment in response. Then, he grabs Starfire by her hips, pushes her on her back, and plants his cock between her thighs without another word.

"MMMMM~"

Starfire's muffled squealing cry as Adam impales his alien girlfriend on his cock, filling her orange cunt with his dick, is like music to his ears. He reaches up and continues to maul her chest, squeezing and gripping her breasts some more while pistoning his prick in and out of her pussy nonstop.

PLAP! PLAP! PLAP!

With her legs bent at the knees and bound at the shins and thighs, Starfire can do nothing but lay back and take it. But also, she WANTS to do nothing but lay back and take it, her tongue sticking out of the ring in her gag and waving all over the place as she gurgles and moans and squeals in equal measure. Her eyes are no doubt crossed or already rolling back in her skull underneath her blindfold, Adam imagines.

Raven, meanwhile, moans in disappointment, all but whining over not getting to go first. She really had come out of her shell in a big way despite joining their relationship later on. The half-demon has stopped hiding from herself and from them at this point and is far more willing to accept what kind of slut for Adam's cock she truly is.

As such, she doesn't even bother trying to act like she's 'above it all'. Instead, Raven flips herself over with some difficulty so she's resting on her face and tits and then she lifts her lower half up onto her knees. Spreading her knees wide, Raven waves her gray ass back and forth in the air invitingly mere feet away from where he's fucking Starfire on her back.

She doesn't quite know where Adam is of course, so her ass wiggling is slightly off-center, but it's close enough for him to get to enjoy the view, to say nothing of how gorgeous her puffy wet pussy lips look framed between her spread thighs.

Adam just chuckles, having no intention of leaving Starfire hanging just to go and take Raven up on her offer. That doesn't mean he doesn't appreciate the view though, even as he utterly destroys Starfire's hot, wet, needy pussy with his throbbing mast.

He loses track of just how many times Starfire cums for him before finally, Adam can take it no more. Her sopping wet, extremely tight cunt milks him of his load and with a loud groan from him and a wanton muffled squeal

from her, he finishes deep inside of Starfire, filling her to the brim with a hot, thick load of his seed.

Once he's done so, Adam leans down and kisses Starfire on her gagged, open mouth before whispering to her.

"Merry Christmas, Star."

"Nngh~"

With that, he pulls back, drags his cock out of her, and then pulls away Starfire's blindfold. He gives her a grin as he unties her, freeing her from her bondage.

"Go get some breakfast started, will you?"

Starfire perks up and nods, clamoring to her feet. Interestingly enough, she doesn't bother removing the O-ring gag, leaving that in. She spares Raven's wiggling ass one glance before heading off to the kitchen with her head held high and his seed leaking out from between her thighs.

Adam, meanwhile, watches her go with her swaying hips and gorgeous fat orange ass for a moment… and then turns to the other ass in the room. His hands come down onto Raven's gray buttocks without a single warning, causing the half-demon to squeal through her gag in surprise.

"NNNNGH~"

Chuckling, Adam just massages her ass cheeks, turning the impromptu double-cheeked spanking into a double-cheeked massage that soon has her changing her tune and moaning in pleasure.

“Mmmm…”

Finally, he brings his still-throbbing cock up to Raven’s slit, pressing against her cunt lips from behind. She freezes in anticipation as soon as she feels this, positively trembling with excitement. Smirking, Adam runs his cockhead against her pussy lips for a second, just to tease her briefly… and then just as she’s starting to whine needily through the gag, Adam punches forward, plowing his entire length into her sopping tight cunt from behind without another moment’s hesitation.

“MMMMM~”

Raven cums on insertion, explosively orgasming the moment he enters her. To be fair, he did make her wait while he fucked Starfire first, so she had a lot more pent-up excitement than the alien princess did. Regardless, Adam doesn’t bother holding back, knowing that Raven would never want him to. Instead, he goes hard and fast right off the rip, pounding into her gray bubble butt from behind with all his might.

SMACK! SMACK! SMACK!

The sounds of flesh slapping against flesh as Adam claps Raven’s booty cheeks fill the apartment living room in no time. There’s something else that fills the apartment living room as well… the smell of breakfast.

Looking over to the kitchen, Adam is pleased to see his lovely alien girlfriend, naked and barefoot and leaking his semen, is hard at work cooking up some Christmas Breakfast for all of them. All she’s wearing is an apron at this point, one that started out saying 'Kiss the Chef’ but now has ‘kiss’ crossed out and ‘Fuck’ written in its place.

Breathing in that lovely scent of fresh homecooked food, Adam lets his eyes drift shut as his nostrils flare, all while continuing to plow Raven absolutely silly upon his big fat throbbing cock. He fucks the half-demon harder and faster by the moment, making her cum her brains out for him just like he did with Starfire before her.

Finally though, much like with Starfire, he can no longer hold back. His cock throbs, her pussy clenches, and his balls churn before tightening in a telltale sensation. With a final heartfelt groan, Adam lances forward and proceeds to spill his second load of the morning deep inside of Raven, coating her womb with his seed and creampieing her right there on the spot.

Raven shudders through one final orgasm and is ultimately left quivering and trembling as Adam slowly drags himself out of her. Then, grabbing her by the hair, he pulls Raven around, still bent over on her knees, and shoves his cock through the O-ring gag, letting her begin to lick his messy dick clean of her and Starfire's pussy juices combined with his two loads.

At the same time, he removed Raven's blindfold, smiling down at her as she blinks her eyes for a moment to adjust to the lighting before looking up at him and sucking and slurping all the more dutifully.

After that, Adam frees Raven from her bondage and Starfire finishes up breakfast. They all sit down to eat, the two girls finally having to take off their gags. Then, once breakfast is over, his lovely girlfriends get under the table and fight over just who gets 'dessert' despite it being so early in the morning.

Adam doesn't mind though. He doesn't mind one bit. In fact… best Christmas ever.
