The School Of Montessori, Inc

Program Goals

- To meet each child's needs while encouraging independence in self care
- To provide a nurturing atmosphere in which children have respect for others and themselves
- To provide a calm, warm, loving, nurturing atmosphere for the child to feel secure in
- To continue the respect and care for equipment that is so much a part of the Montessori method
- To provide a wide variety of activities within the Montessori curriculum including: practical life, social studies, language, introduction to the community, art, music, movement, science (biology, physics), and dramatic play. Also, to encourage creative work and play.
- To encourage curiosity within each child, giving them room to discover and explore things, in return giving them independence.
- To provide ample opportunity for the use of large motor skills for indoor and outdoor activity.
- To establish an observation system in which notes on children are kept on a daily basis.
- To be supportive of parents, encouraging involvement and open and honest communication while using tact and discretion.
- To develop staff potential through proper supervision by making expectations clear, following through to see the expectations are met, and utilizing staff input and their abilities.
- To encourage staff to be aware of the room and surroundings so that we can make a safe environment for our children.

***The School of Montessori, Inc. is also the only school in the area that is Recognized through the Association Montessori International, which is the governing board for authentic Montessori programs and helps them maintain the integrity of Dr. Maria Montessori's approach and life's work. Please visit AMIUSA.org for more information regarding Montessori classrooms, Montessori in the home, frequently asked questions about Montessori programs, and many more parent resources**.
