

A signed and dated letter from the coalition coordinator or chairperson inviting community involvement. Can be stand-alone and should be included in an orientation packet for new members. Generally not longer than ¾ pg.

Who we are -Mission/Vision/Values: 1-2 sentences. Prevention Coalition exists to identify and take action on substance misuse issues that impact our community.

What -something recent and specific the community will recognize:

How-structure & funding: We are housed within (lead agency) but led by a board of individuals representing multiple sectors of the community. Members are supported by community partners, local agencies, grants, and (key funding source or fiduciary).

Why- emotional appeal: I am involved because I care about you and here is my personal motivation.

How you can get involved: You can make a difference in (Local Mission) and we can help equip you to do that. Go to the website &/or call. Learn more by contacting. We hope to see you at the next annual community event (time/date/location).
