Section I: FOUNDATION

Belief Statements

We as counselors for Earle Public Schools, believe that all students have a right to a quality education in a safe and supportive learning environment. Also, students have a right to services that support academic, career, and personal/social growth; a right to be heard and treated with dignity and respect, and a right to a credentialed school counselor who is an advocate for student success.

Counselors in the Earle School District believe:

- All students have value and deserve to be treated with respect.
- All students can be challenged to develop their full potential.
- All students are encouraged to develop resiliency in all aspects of their lives.
- All students will be encouraged to foster necessary skills in their personal, social, academic, and career paths.
- All students have the right to make choices and accept responsibility for choices made.
- All students can expect that school is a safe and nurturing environment.

Counselors in the Earle School District believe that a comprehensive counseling program:

- Must be an integral part of the total educational process of the Earle School District.
- Is student-centered and responsive to the changing needs of our school and community.
- Uses a team approach to help build positive school environments by encouraging collaboration among counselors, teachers, administrators, families, and the community to further student achievement.
- Is continually refined and improved through systematic review and evaluation.
- Considers students' ethnic, cultural, racial, and gender differences, as well as their exceptional needs in the design and delivery of counseling services.
- Our program is responsive to the diverse needs of all students.

Counselors in the Earle School District are:

- Guided by the Ethical Standards of the American School Counseling Association (ASCA).
- Engaged in professional development programs that are essential to maintaining a quality comprehensive counseling program.
- Licensed certified school counselors are uniquely trained to deliver services and programs in the areas of academic, personal/social, and career domains.

VISION STATEMENT

Earle School District counselors are committed to providing a safe, nurturing environment where the entire learning community addresses the unique developmental needs of students and collaborates freely to ensure each student develops into a productive, reflective, caring, ethical, and contributing member of society.

MISSION STATEMENT

The counseling department at Earle Public School provides a comprehensive school counseling program, focusing on academic, personal/social and career development within a supportive, caring and nurturing environment. This in turn, will allow all children to achieve success in school and are prepared to lead fulfilling lives as responsible members of society.

PROGRAM GOALS

We at Earle utilize the Acronym SMART when referring to the goal that we have agreed upon for our district.

Our SMART goals are as follows:

Earle Virtual High School

Specific - EVHS will increase the percentage of students achieving proficiency or higher in core virtual courses (English, Math, Science, Social Studies) by 10%.

Measureable - Will utilize quarterly benchmark assessments and final grades.

Achievable - We believe that this goal is attainable through utilizing SSM's, instructional support, targeted interventions, weekly check-ins, resources, PBIS, and positive reinforcement.

Results Focused- We believe that this is a realistic goal that will be attainable through a group effort including the staff members who support our comprehensive counseling program.

Time Bound - This goal is for the academic school year of 2025-2026. Results will be evaluated by the counseling staff by the end of May.

Focused on improving academic performance in core virtual courses for the 2025-2026 school year.

- 1. To help children understand themselves and others.
- 2. To prevent problems from developing.
- 3. To help identify children with special needs.
- 4. To provide crisis intervention when necessary.
- 5. To coordinate or facilitate efforts of others with those of parents, teachers, and administrators.
- 6. To help develop personalized programs, when applicable, based on each child's strengths, weaknesses and needs.

Earle Learning Academies

Specific - ELA will reduce the number of students with chronic absenteeism (missing 10% or more of school days) by 20%.

Measureable - Will target a 20% reduction by tracking and using attendance data.

Achievable - Supported through counselor-led check-ins, interventions, and communication strategies.

Results Focused- Regular attendance is foundational for academic and social development in elementary students.

Time Bound - This goal is for the academic school year of 2025-2026. Results will be evaluated by the counseling staff by the end of May.

Advisory Council

Earle Elementary and High School will create an advisory council that will consist of a variety of stakeholders from different backgrounds. The council shall meet no less than two times per year to review and support the implementation of the School Counseling Plan. The stakeholders will consist of four parents, four

students, one community member, two faculty, a representative from the district office, and the school counselors. By having a representative sample of stakeholders, a diverse set of perspectives and expertise can help guide the counseling program to more success. Minutes from each meeting will be kept by a person designated by the chairperson.

Section III: DELIVERY

Act 190, The School Counseling Improvement Act, states that school counselors shall spend at least ninety percent (90%) of his/her time each month, on student contact days, providing direct and indirect counseling services to students.

Direct / Indirect Counseling

At Earle Public Schools, the school counselors provide direct, indirect, and administrative services through various methods.

*Classroom Lessons, Small Group Sessions, Individual Sessions, Orientation Programs for New and Transitioning Students, Follow-Up with Graduates and Students at Risk of Dropping Out, Academic Advisement and Individual Planning, Individual Age-Appropriate Career Education Guidance and Vocational Decision-Making Responsive Services such as obstacles to learning, family/peer concerns, social/emotional needs, crisis counseling, conflict resolution, consultation, and referrals.

*Consultation, Referrals, Decision Making Teams such as Section 504, Response to Intervention, English Language Learners, Leadership, Positive Behavioral Intervention Support, Retention, and Handbook Committee

*Coordination of Programs and Data Input such as
Parental Involvement, Positive Behavioral Supports,
Advanced Placement and Gifted and Talented, English Language Learners, Response
to Intervention, Section 504, Student Success Plans, Master Schedules, State
Assessments, Chairing Committees and Meetings, Duties such as supervising students
in common areas such as the hallway, cafeteria, playground and bus lines.

Orientation Programs for New and Transitioning Students

New students and parents are first met by the parent facilitator for registration paperwork and initial orientation. The school counselor then meets with the student and family to discuss/review records, discuss questions or concerns, and then plan the student's schedule. The student will be provided a tour of the school, a bell schedule, and bus information (if applicable). The school counselor will remain available for any questions or concerns the student or family has and requests that the student follow up to check on how the transition to a new school is going.

Students transitioning to the 8th grade from the elementary school receive classroom guidance in the spring term with the course selection process. They participate in a Transition Up Day where they tour the high school and participate in various activities for a day i.e. meeting with current students, visiting classrooms, having lunch on the high school campus, etc.

Follow-up with Graduates and Students at-risk of Dropping out

A follow-up with graduates is conducted every spring in conjunction with data needed by the ADE/DESE Career and Technical Division to fulfill Perkins funding requirements.

Students at risk of dropping out meet one-on-one with the school counselor and principal. A planned pathway to success is offered and highly encouraged. Student progress is monitored closely with interventions and referrals made as needed. The following questions may be used as a risk assessment to help develop discussion and interventions for struggling students:

Are you considering dropping out of school? If yes, when are you thinking of leaving?

Why are you considering leaving?

What are your top two reasons?

What are some of the barriers keeping you from staying in school?

What would improve your chances of staying in school?

Are there adults and students in the school who might help you continue to attend school or those who support you?

If yes, have you talked to them about your potential plans?

What school programs or classes have you enjoyed the most and why?

What school programs or classes have you enjoyed the least and why?

<i>Is there any</i>	rthing that w	e as the school can do to support you in stay	ing in school?
What are ye	our plans if y	ou leave school?

Individual Age Appropriate Career Education Guidance and Vocational Decision-Making.

Career awareness and investigation are introduced to the students through classroom lessons, speakers, bulletin boards, field trips, and Naviance. The elementary counselor provides monthly lesson plans that cover soft skills needed to be successful in career development and employability.

The high school counselor expands the career education to the 7th - 12th grades through Naviance, speakers, career development courses, and field trips. Naviance allows counselors to have a more systematic approach to teaching students about careers and gives the school and district the ability to keep data. Students also have access to Road Trip Nation in Naviance. Students are able to review close to 3,000 videos of a variety of jobs. Counselors also use an Arkansas magazine title, *Next*.

Suicide Prevention

ESD counselors support suicide prevention efforts in the school and take all threats seriously regardless of age. Suicide prevention begins at the elementary level through guidance lessons based on wellness, self-care, safe and healthy choices, coping strategies, and resiliency building. Upper elementary students are also taught how to recognize risk factors and warning signs of mental health conditions and suicide in themselves and others. Help-seeking strategies and how to engage school resources and how to refer friends for help are also addressed through classroom guidance lessons. If needed, the elementary counselor will also provide small group suicide prevention. Suicide prevention at the high school level includes that any and all threats are taken seriously. The counselor works with students who are at risk of suicide, addresses developmentally appropriate prevention strategies, and provides awareness information to stakeholders so that students and adults are aware of signs of risk. All staff members are provided professional development on suicide awareness. They are trained on the risk factors. warning signs, protective factors, response procedures, referrals, and resources regarding youth suicide prevention. Protocols are in place for students at risk that include risk assessment, crisis checklist, collaboration with mental health agencies, referrals for support, parent notification, re-entry protocols, and actions to take after a suicide death. Both school counselors use the following resources:

<u>Student Risk Assessment Form, Suicide Intervention Incident Report, Emergency</u> Conference Notice,

Section IV: ACCOUNTABILITY

ACCOUNTABILITY

Counselors reflect on and evaluate our comprehensive counseling program to ensure that we are meeting the needs of our students and are able to identify how our students have changed due to the interventions of the program. Counselors may use the following tools for assessing and sharing the results of the comprehensive school counseling program.

 Feedback from provision of curriculum or programs (participation, Mindsets and Behavior, and outcome results)

- Feedback from small groups such as surveys, participation or process data, and student outcomes
- Surveys from parents, students, community members, and/or educators
- School counseling program self-assessment
- School counselor TESS
- School counselor reflections
- Review of goal setting action plan results

- Feedback from provision of curriculum or programs (participation, Mindsets and Behavior, and outcome results)
- Feedback from small groups such as surveys, participation or process data, and student outcomes
- Surveys from parents, students, community members, and/or educators
- School counseling program self-assessment
- School counselor TESS
- School counselor reflections
- Review of goal setting action plan results
- The following year's Comprehensive School Counseling Plan

- ESchool will be analyzed to set baseline data and adjust/set goals for the 2024-2025 school year.
- Each 9 weeks, attendance data from across the district will be entered into a shared document and analyzed. Counselors will determine the implications of the data and make recommendations to administrators and staff.
- Action plans will be created based on ongoing data. In June 2025, the end-of-year discipline data results will be summarized in a graph and presented to the assistant superintendent and other stakeholders.
- summarized in a graph and presented to the assistant superintendent and other stakeholders.
 Counselors and administrators will reflect on progress toward the goal and determine if desired outcomes have been met, whether to continue with this goal with possible new action steps.

GLOSSARY OF TERMS

Academic Advisement is provided for class selection by establishing academic goals in elementary, middle, and high school.

Action or Closing the Gap Plans are developed to identify how goals will be implemented including strategies, competencies, activities, timeline, milestones and means of evaluation.

Advisory council is a representative group of stakeholders who review the comprehensive school counseling plan and provide feedback and recommendations to the counseling staff, administration, and district.

Advocacy is the process of identifying underrepresented students and supporting them in their efforts to reach their highest potential as well as actively supporting the profession of school counseling and supporting policies that promote student success.

Calendars are maintained by school counselors and are distributed to educators, students, and parents regularly. Planning, visibility and credibility are enhanced by

effective use of an annual school counseling program calendar, monthly calendars, and a weekly calendar.

Career planning process helps students attain skills and attitudes and identify opportunities for successful transition from high school to post-secondary training or education.

Chairing includes presiding over meetings and committees.

Classroom counseling lessons, or core curriculum, is the curriculum component of school counseling that consists of developmentally appropriate lessons designed to assist students in achieving desired competencies and is presented systematically through classroom and group activities.

Comprehensive School Counseling Programs are an integral part of the total educational program that helps every student acquire the skills, knowledge, and attitudes in the areas of academic, career and social/emotional development to promote academic achievement and meet developmental needs. School counseling programs are based on the developmental age of the students and are conducted on a consistent and planned basis to assist students in achieving specified competencies.

Consultation is used to provide school counseling feedback and support while communicating with educators and stakeholders concerning student problems and needs.

Coordination includes organizing, scheduling, and providing documentation for programs and assessments.

Data-driven identifies systems that make decisions concerning future actions that are based on information, survey reports, assessments, statistics or other forms of data.

Delivery systems identify how the comprehensive school counseling program is organized and delivered.

Direct services are counseling services that are provided directly to students: individual, small group, classroom core curriculum lessons, and responsive services. They are provided in a face-to-face format.

Ethical standards are adhered to by school counselors. They include ethical, legal and professional standards developed by the state educational agency and national school counseling organizations.

Evaluation is used to determine progress on the implementation of goals, action plans, or comprehensive school counseling programs.

Foundation identifies the beliefs, vision, mission, and goals set forth in the comprehensive school counseling plan.

Gaps are identified when desired student outcomes are not being met by a student or small group of students. Data is reviewed to evaluate current student levels of performance to find areas of concern that can be addressed.

Indirect services include consultations between a parent or legal guardian, school staff, and community agencies concerning a student's academic, career and social and emotional needs. It also includes referrals for more frequent and more intensive interventions on behalf of a student or small group of students.

Individual student planning is used to coordinate ongoing systemic activities designed to assist individual students in establishing personal goals and developing future plans.

Leadership is an essential skill for school counselors as they develop and manage a comprehensive school counseling program. It supports academic achievement and student development, advances effective delivery of the comprehensive school counseling program, promotes professional identity, and overcomes challenges or role inconsistency. (Shillingford & Lambie, 2010)

Management system addresses the allocation of resources to best address the goals and needs of the program.

Mission statements outline steps to accomplish the vision. They identify the Who, What, How, and Why for students. Mission statements must be aligned with the mission of the school system within which the program operates.

Orientation is a process for students, teachers, parents, and stakeholders to learn about the school counseling program, the roles of the school counselor, and the services available to students, families, and staff. Orientation can also help students make smoother transitions from one school setting to another.

The G.U.I.D.E. for Life defines essential knowledge, attitudes and skills students should obtain to help them get along with others, communicate well, and make positive contributions in the workplace and beyond.

Outcome or results data demonstrate that learning, performance or behavioral change has occurred. How are students different as a result of the school counseling program?

Process/Participation data measures what students and others observe or perceive regarding knowledge gained, attitudes and beliefs held or competencies achieved.

Perception/Mindsets and Behaviors data answers the question "what." It describes the activity that is occurring; the target population and how many students are affected.

Self-Assessment is the assessment used to review strengths of the school counseling program, and areas for improvement. Data from the profile is used to guide the school counseling program.

Responsive services meet students', parents', and teachers' immediate need for intervention, referral, consultation, or information.

Risk analysis is the procedure identified in the Standard Operating Procedures and is based on the review of comprehensive school counseling plans that are posted

on district websites as well as other district data and technical assistance needs. Support is provided to districts based on multi-tiered identified risks.

School Counseling Assessments are tools used to measure the strength of the implementation of the comprehensive school counseling program. Data from assessments can be used to identify student needs and show student growth (pre/post-test).

Social/Emotional Development maximizes each student's individual growth and social maturity in the areas of personal management, social interaction, and self efficacy.

Standard Operating Procedures provide information and guidance on the process that will take place to ensure that school counselors are providing multitiered comprehensive support to all students.

Systemic Change is change affecting the entire system; transformational; change affecting more than an individual or series of individuals; focus of the change is upon the dynamic of the environment, not the individual.

System support consists of professional development, consultation, collaboration, teaming, and program management and operation activities that establish, maintain, and enhance the total school counseling program.

Vision Statements identify what you want to see going forward in your comprehensive school counseling program (what is the picture you see in your mind about your students' success)? They identify long-range, desired outcomes for students
