Provide Greater Access to STEM Education to All Students

Iman Z.

**Tutor
Winner of 2021 Distinguished Leadership
Award
San Antonio Math Include**

Iman is a part of the Class of 2024 at Health Careers High School. Since Iman was three years old she has always aspired to become a pediatrician which has led her to joining Health Careers Highschool. She is extremely active in her school, and a part of three head organizations; NJHS, PALS, and The Presidential voting and sponsorship committee. With her involvement in PALS she was assigned two students (elementary and middle school students) ; these students received one-on-one attention in school work and a big sister that would listen and talk to them about their struggles at home and during the school year. Her favorite subjects are science, reading, and history. In her spare time she loves to play with her dog Izzy, and is a competitive tennis player. Iman is so thrilled to tutor this summer and cannot wait to meet your kiddos!
